

# Commission Information

## KaiSkelyx' Commissions

### Terms of Service for Art Commissions (ToS)

1. When ordering a commission from me, please have a clear visual reference. I may ask questions based on the reference to make details as accurate as possible.
2. Do **NOT** claim my work as your own; you may repost my art to an image-hosting website such as Toyhou.se and other websites such as this. Please credit me. (Toyhou.se Account is by the same name- KaiSkelyx)
3. Commissions are for personal use only; if you want to use it for commercial purposes, please let me know and we can discuss terms.
4. Refunds are given depending on the progress done with the art; it is best to ask for refunds *before* I begin the artwork.
5. You will receive a Work-in-Progress (WIP) sketch when asking for full bodies or half bodies that you must confirm or ask for any changes; icons and headshots/busts do *not* receive a WiP sketch unless requested by the commissioner.
6. I accept PayPal or KoFi for USD payments, and can also accept payment through CashApp. I now also accept Robux, Flight Rising currency, and Furvilla currency as payment as well!
7. I generally request full payment upfront, though I am willing to work with you. In the case of Flight Rising and Furvilla, I will request you send a Crossroads/Message/Transfer

of the full amount and I will accept once the art is complete.

8. If you require your commissions finished by a certain date, please let me know and we can work out details. There may be an additional fee depending on how soon the due date is, as well as if it is possible for the commission to be completed at that time; if it is not possible, I will not accept the commission.
9. By commissioning me, you accept that I may use your commission as an example of my art/example of style; if you would like it to remain private, we can discuss this as well.
10. You **cannot** use my art for 'dress up' games or make it into a base.
11. Do **NOT** use my art to feed into AI or make into NFTs. Doing so will result in your becoming black-listed.

### General Notes Before Commissioning

- I can draw basically everything, check with me before ordering a commission. I'm most used to skeletons, furies, and humanoids, but have done monsters, dragons, and animatronics/robots before.
- My primary strengths are furies and skeletons, but like mentioned previously I am open to drawing anything.
- I'm able to draw any gender and age; as usual, check with me before commissioning to make sure.
- I can draw gore, both detailed and 'cartoon' gore.
- I can draw NSFW, but there is an additional fee depending on how explicit. There is no additional fee for 'pin-ups' or 'sensual' poses. NSFW content is available ONLY for 18+ customers; requesting NSFW art is a minor will result in you being blacklisted.
- I can draw ship or couple art, including OC x Canon.
- I can draw fanart or fan characters.
- I do take customs as a different sort of commission; more details in this document.
- I will **NOT** draw: overly complex mecha, hate-based art, certain fetish art, cub/underage NSFW, and feralxanthro NSFW.

# Custom Information

## Custom Design/Adopt Information

### Terms of Service (ToS) for Custom Designs/Adopts

1. When ordering a custom design from me, please be aware I may ask a variety of questions to better achieve a design you will love. I may ask for your Discord or continue communication via PM; this is important to receive your custom!
2. Adoptable must be paid within 48 hours of claiming, unless otherwise discussed; if you have not paid prior to these 48 hours, the Adopt will be put back up for sale.
3. I accept USD payment through PayPal or KoFi; I can also accept CashApp or gift cards in a pinch.
4. Upon purchasing a design from me, you are able to use the design for whatever you would like, and you can customize/edit the design however you would like. However, please credit me for the original design and do not edit the original art I created.
5. I do use websites such as Toyhou.se for character storage; please let me know if you would prefer your character transferred to you rather than just receive the Adopt HQ image!
6. You may resell the design for the same price you purchased, but please only charge more if there has been additional art given to the character or if the character has additional 'worth' added to it via written means.
7. You may trade the design if you would like, or gift it.

8. I keep track of my previous designs through Toyhou.se, and would prefer the character remain posted on Toyhou.se throughout its usage. Please contact me to discuss other terms.
