

Subject line: How we have helped others and can help YOU

Hey,

I was scrolling through Groupon when I saw your place. It instantly amazed me and made me click on your website. I love your services and approach. Especially Deep Tissue Therapy Massage sounds amazing to me.

More people should visit your place to relax because it will be The Best Rest of their lives.

Have you heard about Google and Facebook ADS?

They would help you to gain more new customers, make you more money, and make the customer's experience the best it can be.

We've already helped a few people in similar situations, as you are right now.

You can find some of our work in the attachment. So you can see for yourself.

Would you be interested in learning more about this opportunity on a quick discovery call?

Kind regards,

- Jacob

P.S. Missing out on this opportunity could result in a great loss. Jumping on a discovery call is without any kind of charge. The only thing it takes is your time and attention. Don't leave out on this chance.
