Dear friend & business partner,

Welcome... welcome... WELCOME!

It's so nice to have you join us!

Seriously. It is.

Our mission is to help you make as much money as possible with our offers!

In order to do that,

I'd like to tell you a bit about our products so you have a better understanding of them, because this can help you get ideas on the best ways to profit from our offers.

First, you should know that we mainly target **Women interest in a particular Man** (based on the guy's zodiac-sun sign). e.g. women interested in a Scorpio man, or a Taurus man, or a Gemini man... or any Other Sign-Man.

And we have 5-6 different, unique offers for EACH male zodiac sign!

So there are A LOT of options (which you'll see below).

Option 1: You can promote an **individual sign**, for example, if you are doing SEO or PPC and want to target a keyword like "taurus man in love", then you can promote any of our 'Taurus Man' offers to that audience.

SEO is, by the way, one of the most profitable ways to promote us if you create/invest in developing a content/authority site that ranks well. **We can provide you with a list of good keywords in case you don't have SEMRush, Ahrefs, Mangools or similar keyword research tools. There are many long-term keywords that are relatively easy to rank for.**

It usually takes 6-12 months to start ranking for most keywords. And then when you reinvest your profits, your traffic can just keep growing.

The best-converting keywords are either problem-focused (like "scorpio man testing you" or "leo man ignoring me") or desire-focused (like "how to make a virgo man chase you").

These tend to work best because there is more pain/urgency to learn more and solve their problem.

Another great way to promote us is to **write product reviews** and rank for searches like "gemini man secrets + book, review, anna kovach", this is some low-hanging fruit here.

You can also target keywords like “texting + taurus man” or “aries man + in bed + with X sign woman”.

Because we have offers like **“The 27 Dirty Phrases That Turn Pisces Man On”** and **“Scorpio Man Text Magic”**. So you can target those specific niche-keywords as well.

You can also go for “libra moon man” (because we also cover all the male moon signs with a unique product/offer just about their guy’s moon sign).

Keywords like “taurus man gemini woman + compatibility” are also good because we have a unique offer for each of the 144 combinations! There is also SOLID volume on these keywords! Thousands of searches per month for each combination!

And if, for example, a LEO WOMAN is visiting your page (because you target “X Man Leo Woman compatibility” – we have another offer that specifically helps her, as a Leo woman, find and keep love.

You can see an example of our “Love Secrets” series here:

<https://annakovach.com/love-secrets/>

And yes, we cover all the signs in this case, too!

So yes, **SEO/Content marketing & PPC ads on Google/Bing** are definitely a good option since there’s just so much demand and so many ways to position us. **(if you want a LIST of keywords, let us know as we already have some ready that we use ourselves.)**

Option 2: If you have a mailing list, or just want to drive traffic to **ONE “universal” page** from your site, instead of individual signs, then we can create a custom page for you (just ask for it) that links out to all of the 12 offers-signs.

An example is our Quiz Funnel <https://annakovach.com/take-quiz/> that can work well for you on Pinterest, Facebook, Google, YT, TikTok (just have a ‘bridge-page’ in-between your ad and the custom page we build for you - simply ask us for one).

Of course - you can also create your own landing page that then link to the 12 male signs (this is especially important if you do Media Buying/Paid traffic).

Here is another example <https://annakovach.com/dirty-phrases/> – you can just copy this concept (with the buttons) and then pre-sell this page from your initial ad.

If you are doing Media Buying (Paid traffic), we kindly ask you NOT to drive traffic to a custom page on OUR site/domain, but instead... drive initial paid traffic to your own domain, first.

These are the custom pages we can make for you:

<https://annakovach.com/take-quiz/>

This is our main “Quiz Funnel” that calculates their current compatibility score... we give your visitors a TON of free value ... a free ebook (“30 Hot Love Secrets” about their guy’s sign) and daily follow-up emails.

You receive a commission on any purchase they make while your cookie is active (60 days). And they often buy more than one offer in this period.

Next...

<https://annakovach.com/30-day-challenge/>

<https://annakovach.com/love-secrets/>

<https://annakovach.com/big-books/>

<https://annakovach.com/text-magic/>

All of these convert really well for us, both internally and for other affiliate parnters.

Swipe Emails

We have a bunch of swipes! (just ask, we’ll send them to you via email) for each offer!

WHERE to promote us?

You can promote us via Google Ads, SEO, Pinterest, TikTok, Facebook, YouTube, Instagram, Native ads - try wherever you are skilled... it’s a MASS-MARKET offer.

Anywhere where you can find women who have relationship-problems/desires and who also either already believe or are at least curious about Astrology.

So... EVERYWHERE basically.

WHO to promote us to?

Our ideal clients are Female, who are 35+, usually from the US, UK, Canada and Australia / other English-speaking countries.

HOW to promote us?

The best way from our experience is to always mention Anna Kovach and position her as the Expert/Authority “relationship astrologer”, even better “my friend and relationship astrologer Anna Kovach.”

If you need help - just email us at affiliate@annakovach.com and we'll get back to you asap!

How to generate your affiliate links for Anna Kovach's main "X Man Secrets" offers (this is our main offer at \$37-47, 3 upsells):
This is ideal if you link directly to individual signs (PPC, SEO etc.)

Example Landing page:

<https://ScorpioManSecrets.com>

Your links for the main "Man Secrets" offers would look like this:

Aries Man Secrets

<https://hop.clickbank.net/?affiliate=YOURAFFID&vendor=ariesecret>

Taurus Man Secrets

<https://hop.clickbank.net/?affiliate=YOURAFFID&vendor=taurusman>

Gemini Man Secrets

<https://hop.clickbank.net/?affiliate=YOURAFFID&vendor=gemiman>

Cancer Man Secrets

<https://hop.clickbank.net/?affiliate=YOURAFFID&vendor=cansecrets>

Leo Man Secrets

<https://hop.clickbank.net/?affiliate=YOURAFFID&vendor=leosecrets>

Virgo Man Secrets

<https://hop.clickbank.net/?affiliate=YOURAFFID&vendor=virgoanna>

Libra Man Secrets

<https://hop.clickbank.net/?affiliate=YOURAFFID&vendor=libraanna>

Scorpio Man Secrets

<https://hop.clickbank.net/?affiliate=YOURAFFID&vendor=scorpman>

Sagittarius Man Secrets

<https://hop.clickbank.net/?affiliate=YOURAFFID&vendor=sagitman>

Capricorn Man Secrets

<https://hop.clickbank.net/?affiliate=YOURAFFID&vendor=caprman>

Aquarius Man Secrets

<https://hop.clickbank.net/?affiliate=YOURAFFID&vendor=aquarman>

Pisces Man Secrets

<https://hop.clickbank.net/?affiliate=YOURAFFID&vendor=piscesman>

Just replace 'YOURAFFID' with your actual affiliate ID/CB account nickname.

In general, you can also 'cloak' these links by making them redirect once first via your website or a URL shortener to count clicks additionally.

How To Add TID (Tracking ID) To Your Affiliate Links:

You can also add tracking to each URL, so it's, for example:

`https://hop.clickbank.net/?affiliate=YOURAFFID&vendor=sagitman&tid=123something`

In this case, you'll know that a specific link (from a particular article, for example), with the Tracking ID "123something" generated the sale. It will show on the CB transaction.

So it is **&tid=123abcwhateveryouwanthere**

just add it to the initial part of your hoplink...

How To Check If Your Links Are Working Correctly

The way to check if your link is working, is to copy-paste the correct link, load it in your browser, than Scroll down and click Add To Cart.

Once this takes you to the Checkout Page/Order form, at the bottom of the order form it should say [affiliate = YOURCBID.123something] or just [affiliate = YOURCBID] in case you didn't use the "&tid=123something" TID extension.

Generating Hoplinks For Other Landing Pages:
