

CTE Month Worksheet

Name	
-------------	--

Read the paragraph.

It's Career & Technical Education Month! Career and Technical Education (CTE) is the practice of teaching tech-based and career-specific skills to students in secondary and post-secondary schools. CTE courses offer hands-on training through the practice and application of skills. Career and technical training prepares students for work in a variety of industries, including but not limited to, **Agriculture, Manufacturing, Engineering, Health Sciences, Hospitality, and Information Technology.**

Middle & High School CTE educators often teach subjects such as, **Marketing, Video Production, Auto Mechanics, Horticulture, Nursing, and Criminal Justice.**

View the interview clips for each of the following CTE-related career paths:

- [Electrical Trades](#)
- [Advanced Manufacturing](#)
- [Video Production](#)
- [Software Programming](#)

Navigate to the Career exploration tab of your MajorClarity account. For each career path featured in the presentation, record the associated Career Cluster in the table below.

Career Path	Cluster
Electrical Trades	
Advanced Manufacturing	
Video Production	
Software Programming	

Next, choose one of the featured career paths to test drive and assign a compatibility rating.

1. Use the search tools at the top of the page to locate the career path.
2. Click the **"Try an Activity"** button to begin the test drive activity.
3. Once complete, remember to "Score Your Fit".

Explore occupation data within each of the four career paths independently.

Remember to add items of interest to your list of *Favorites*.
