

First answer these questions:

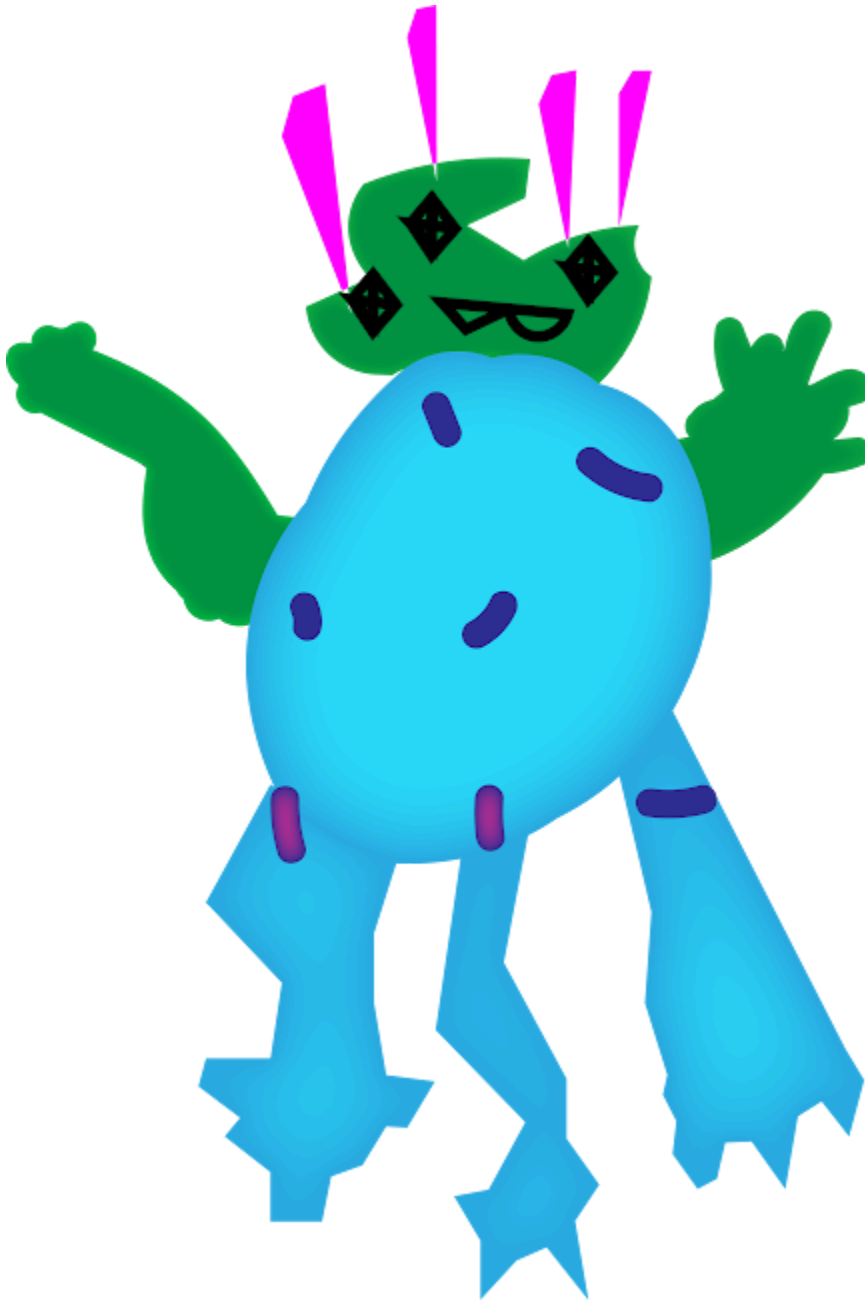

1. Which poster is your monster on (1,2,3,4 or none of them)?

3

2. What is the long scientific name of your monster? ((Find it in your notebook.)

Tripedaltridentalkuaddactylquadkeraipunctadovircyanopod

3. Paste a picture of your monster here, then start your story on the next page.

Start your story here:

This is where a new story starts, you see, once there was a wizard in the demon realm, who specialized in making majin's, horrifying creatures, they could kill so many things so easily! But, then someone named Bibidi found them, and then they planted a seed extremely deep, making this the most powerful majin to ever be created

"Ohohoho! Hello there my little majin buu! If you don't follow all my commands, I will seal you away forever!" Bibidi stated

Buu responds with "Fine Buu follows orders, but Buu hungry! Buu eat some planets!

"Ohoho! Yes that's exactly what I will have you do for your life! You will eat and destroy by my will! Bibidi said, with a smile forming on his face

"Tasty green people!" Buu exclaimed

"Whatever you do, please just stay away from the children and the castle." Said a very old namekian

"BUU DO WHAT BUU WANT, YOU NO TELL BUU WHAT TO DO" Buu said angrily.

"Children, run!" Said the old namekian

"Buu says you die now! Candy time!" Buu said as he shot a candy beam at the namekian.

Thousands of years pass

"Hey buu, why do you kill people and blow up our cities?" Hercule asked nervously

"Because Bibidi and Babidi said it was how you played!" Buu exclaimed.

"You know it's not really nice to kill them!" Hercule said, horrified at what might happen to him

"Really?" Buu asked while getting closer

"AHHH IM SORRY PLEASE JUST MAKE IT QUICK" Hercule said horrified.

"Then no more!" Buu said happily

Hercules mind "HA I JUST SAVED THE WORLD FROM THIS GUY! LETS GO"

But after 50 years passed

"Hey Buu, I'm not gonna make it past today, I just want you to remember, that killing is not the way to win" Hercule said

"Buu want to honor you, Buu is now Hercule Satan Bobby" Said Buu (Now Mr. Bobby)

"Heh, thanks Hercule" Hercule said with his last breath

"Im sorry man, he's gone" Said the doctor, who got turned into candy immediately

Buu fell into sorrow, making his form shift into something strange, he had blue legs and a blue body, but green hands and a green head with three eyes, he absorbed Hercule in order to preserve his life, and make Hercule forever with him. Buu wanted to get stronger in honor of Hercule, so he went to train under Goku, the strongest mortal in the multiverse.

"Hey, you goku right? Train me!" Said Mr. Bobby (Buu)

"Huh, you sure you're up to my training?" Goku asked

"JUST TRAIN ME PLEASE" Said Mr. Bobby

"Alright alright fine, let's start now!" Goku said excited for a new training partner

Mr. Bobby and Goku trained for so long, every day they would train together for a long time, they trained in a special time chamber where one day was one year, and they got an infinite amount of time to train, but now it was time for Mr. Bobby's plan

"AAAAAAAAAAAAAAAAAAAAAAAAAAAA" screamed Mr. Bobby

"Mr. Bobby what's going on!?" Asked goku, worried

Mr. Bobby had opened a portal to heaven

"I'm going to see my friend, and, call me Buu" Said Mr. Bobby

"So thats where Buu went! Are you going to visit Hercule?" Goku asked curiously

"No, Im going to stay with him, thank you for the training" Mr. Bobby said, before walking into the portal

"Heh, i'll see ya when I die." Goku said, with a chuckle.

Meanwhile, in the realm of the dead

"WHERE IS HERCULE!?" Screamed Mr. Bobby

"HE'S THAT WAY JUST LEAVE ME ALONE PLEASE" said a demon worker

"What a nice flower field, it's a shame Buu can't see it." Hercule sighed.

"Hercule!" Said Mr. Bobby Excitedly

"Uh, who are yo- WAIT BUU IS IT REALLY YOU!?" Hercule said surprised

Mr. Bobby shifted his appearance to the one he had before, and he went back to being called Buu

"Buu so happy to see you! Buu have so many things to share!" Buu said while jumping up and down

"Tell me all about them, I want to hear every single detail"

And so, Buu and Hercule walked off into the sunset, careful not to put too much water on the hydrophobic plants, and in the end, they both spent eternity with each other, living happily ever after. The End
