

Violence

Chronotopia explores a lot of heavy themes such as: the threat of incest, suicidal tendencies, brutal deaths (including the use of torture), the loss of children, illness, as well as physical and emotional abuse. As such, its content is not suitable for children. If this proves too much to handle, please take a break and take care of yourself.

Nudity

Chronotopia also contains implied consensual sexual relationships between adults and infrequent censored nudity. Brief sensual scenes (neither genitals nor nipples are visible) are accessible through choices marked with a little heart. Feel free to avoid these if this type of content makes you uncomfortable.

See detailed content warnings list for Chronotopia below (this contains spoilers for the full game).

Prologue

- Description of death by suicide

Route Commune/Common Route

- Description of death by illness
- Incestuous intent & emotional abuse
- Animal is put to death off-screen, its skin is turned into an outfit that will be shown throughout the game
