

User Guide for FROLLDICE

Introduction

Welcome to **FrollDice**, a fully decentralized dice game (Vietnamese “*Xóc Đĩa*”) built on the **Viction (VIC) blockchain**.

- Use **FROLL tokens** to place bets.
- Every round offers a **50/50 chance** of winning.
- Game outcomes are derived directly from blockchain data, ensuring **provably fair and tamper-proof results**.

1. Getting Started

To play FrollDice, you will need:

- A **Web3 wallet** such as [MetaMask](#).
- Some **VIC** tokens (for gas fees).
- **FROLL tokens** in your wallet (now tradable on [Dex-Trade](#) FROLL/USDT).

Add the Viction Network to MetaMask

1. Open MetaMask → *Settings* → *Networks* → *Add Network*.
2. Fill in the details:

- **Network Name:** Viction
- **RPC URL:** <https://rpc.viction.xyz>
- **Chain ID:** 88
- **Currency Symbol:** VIC
- **Block Explorer:** <https://vicscan.xyz>

✓ Add FROLL Token to MetaMask

- **Contract Address:** 0xB4d562A8f811CE7F134a1982992Bd153902290BC
- **Symbol:** FROLL
- **Decimals:** 18

2. Accessing the Game

You can play FrollDice through:

-  **Original IPFS link (permanent storage):**
 <https://ipfs.io/ipfs/bafybeihyf32ugo5ziwd62a6rmqn6iruthhy2kki3az42wyfthebyi7kfqe>
-  **Shortcut from Lottery.vin:**
 Visit [Lottery.vin](https://lottery.vin) → footer → click “**Play Dice**”

3. How to Play

1. **Choose a Table** → Select the betting limits (Min / Max).
2. **Pick Even or Odd** → Place your bet accordingly.
3. **Enter Bet Amount** → Confirm and click **Place Bet**.

4. **Result** → Determined by the **previous block hash** on Viction.

👉 **Winning Rule:**

- If you win → You receive **double your bet amount** (minus gas fees).

4. Transparency & Verification

All bets and outcomes are **fully recorded on-chain**.

Result formula:

```
result = uint256(blockhash(block.number - 1)) % 2;
```

- 0 = Even
- 1 = Odd

Anyone can verify results directly on [VicScan](#).

This ensures a **provably fair 50/50 outcome**, unlike traditional online games.

5. FROLL Token Information

- **Name:** FortuneRolls
- **Symbol:** FROLL
- **Blockchain:** Viction (VIC)
- **Max Supply:** 1,000,000
- **Contract:** [View on VicScan](#)

Tokenomics

- ♦ **700,000 FROLL – Circulating Supply** (freely tradable, currently listed on Dex-Trade as FROLL/USDT).
- ♦ **300,000 FROLL – Locked Reserve** (reward pool managed by smart contracts):
