

## EJS Creations Commission Pricing

### **Special Notes About Commissions of All Types:**

Commissions are accepted on a first paid, first served basis, and the artist reserves the right to refuse any commission. Commissions are worked on once a deposit is received. Special exceptions on payment will be considered on a case-to-case basis. Commissions under \$200 must be paid in full prior to working on artwork. Sketch commissions include 1 revision each. All other digital commissions include 2-3 revisions, while traditional commissions include 1 revision, free of charge. Additional revisions may incur an extra fee.

All illustrative and some craft commissions will have the artist's watermark or signature in a discreet location somewhere in the work, unless licensing is paid for. Commissioned pieces are provided with the understanding that the client is using it for personal reasons and not for profit. If artwork will be used for commercial purposes, a licensing fee and possible royalties may apply. A contract must be signed prior to working on artwork. If payment is not received within 2 weeks of a contract being signed or sent out, the contract will be nullified and a new contract and quote will be required. Likewise, quotes expire 2 weeks after being given.

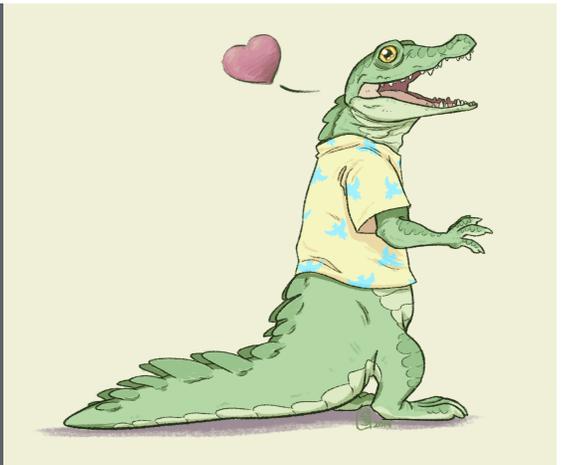

Special formatting or sizing must be indicated prior to payment or working on artwork, otherwise it will be considered a revision and subject to an extra fee based on the status of the commission. If the commission is a rush order, or if the initial due date discussed prior to payment or working on artwork changes after the fact, a rush charge may apply.

### **Commission Steps:**

1. Email [ejscreationsart@gmail.com](mailto:ejscreationsart@gmail.com) with a brief description of the content and style of your commission, as well as any other pertinent information (such as if it is a gift, what the due date is, and if you plan on printing and framing it).
2. A quote will be sent to you within 2 business days. If you do not receive a quote within this timeframe, please reach out again (your email may have been buried or filtered, so you may need to contact via social media). Please confirm you would like to move forward with your quoted commission, or negotiate, within 2 weeks of receiving the initial quote. Quotes will expire after 2 weeks if not approved!
3. A contract will be written up once a quote is approved and will be shared with you via Google Docs. Please sign and date electronically within 48 hours of receiving the email. Contracts will expire after 48 hours if not signed and dated!
4. Send payment within 2 weeks of signing the contract. Your commission will NOT be started until a payment is made! (See top of this document.) If payment is not received within 2 weeks, your contract will be nullified.
5. You will be notified when your commission is being worked on. You will receive progress images and can make certain revisions at the following stages:
  - Sketch/Rough**: revisions to pose, costuming, & general appearance must be requested here
  - Inks**: revisions to line quality and fine details must be requested here
  - Flats/Base Colors**: revisions to base hair color, skintone, eye color, etc. must be requested here
  - Final Render**: revisions to lighting, shading, & environment/background must be requested here
6. Your commission will be finished by or near your due date and you will receive a hi-resolution digital file, which will not have a watermark (unless you have not paid in full, in which case the watermark will be removed and hi-res files sent only after final payment is received), but will contain my signature in a discreet location somewhere within the image. This signature is not to be removed. Prints & shipping of your commission are extra, depending on the commission style. You may share the final piece on your various social media platforms so long as you credit back to my page (EJS Creations on Facebook or Emisabirb on Instagram).
