Geeze, my puppy is way too rough with his Servant.

Ah- my arms feel heavy...
I even have to work as an idol...

But precisely because they are hard days, I'll do my best <3

My energy source...

Thanks to that, my special video was completed!
[Staff dead from overworking]

Well then, how was the reaction from my little piggies?

Page 23

Afterword

Nice to meet you, this is Yamanashi Yuuya.

Thank you for getting this book!

It was my first time at Comiket, so I was very nervous...

Mainly if I'd have the retouching completed...

I got into FGO this year so I just started but I ended up going at it a lot.

Everyone is so cute~

This is something from quite a while ago, but Liz's new animations sure are cute!

Personally, I like her "BOEEEEEEEEEE" when she uses her Noble Phantasm. Kinda like Gian?

It's a mystery how in her first Ascension, she's completely flat but in her second Ascension she gets small breasts...

Is she growing up?

Next time, in Winter Comiket (if I get in) I want to draw something from FGO again.

This time I'll mix it up with a lot of characters!

A lot of my favorite characters showed up in the BB collaboration and Agatha, so I'm still wondering what to do.

I'm (once in a while) active on the Pixiv main page, so if you'd like, please come take a peek!

Well then, if you'll excuse me.

Wa-wait, Liz....
