

# NH Liberty Forum 2025: Illustrative Talks

*Bridging the liberty-for-real gap between theory & practice*

## Legal Concerns

- **Transitioning from government courts & law, to hired justice systems**  
*How does a liberty-for-real society transition from the currently installed government court system to a poly-legal system?*
- **When someone claims a NAP violation, but it isn't**  
*Is there a better, more workable definition of NAP violations that can withstand all the edge cases?*
- **Restorative justice processes**  
*How to return someone to whole when whole is not possible?*
- **Reputation is not enough: Handling bad actors in liberty societies**  
*When someone is a bad actor, how can a poly-legal, multi-covenant set of communities protect itself?*
- 

## Conflicting Segments

- **Handling multiple moral cultures within one libertarian society**  
*Authoritarians fight over who will grab the reins of power to force their values on all. How can a liberty-for-real society allow multiple value systems (e.g., conservative family vs. libertine prostitution) to live side-by-side?*
- **Left v. Right in a liberty society**  
*Is the left v. right divide still true w/i a liberty-for-real society?  
How to allow libertines and Puritans live side-by-side?*
- **Is Thinness Viable?**  
*One idea of libertarianism is that it can tolerate all values as long as aggression is not initiated. However, is this accurate? Advocates of Hoppe suggest only conservative values are viable? Can hyper-tolerance exist in a liberty-for-real society?*
- How much thickness can libertarian society suffer and still be successful
- Is thickness necessary for a liberty society?
- **Strange bedfellows: Racists, fascists, communists, misogynists, in a liberty society**  
*Just how far out there is "too far"? And how can such edge cases co-exist peacefully?*

- **Communes vs. Communism**

*Are left ideologies so intolerant as to always demand to impose on all other communities, and thus are inherently contradictory to a liberty-for-real society?*

- 

### **Building a Community**

- Should liberty be linked to other philosophies/religion, or be treated as a full philosophy?

- Libertines and Liberty

- The Racist Amongst Us

- Building alternative communities faster

- From Virtual to Physical: Creating new communities more quickly within a liberty-for-real society

- 

### **Minority Rights**

- **Protecting various groups from vestigial authoritarianism**

*Lots of people claim libertarianism, but many times they extend tolerance only to “people like us”. How can small minority out-groups be sufficiently protected w/i a liberty-for-real society?*

- 

### **Communications**

- **Conflicting Messages to Conflicting Groups**

*Liberty-for-Real societies seek liberty people, but not all liberty segments are the same. Messaging to different segments can conflict. In a distributed communication will different messages to different publics that normally would disagree. How can one group's message be sent to its segment without scaring off the other other group*

- **Using AI to convert others to liberty**

- 

### **Diffusion**

- **Right-sizing your liberty society for faster diffusion**  
*How to calculate the geographic size of your liberty-for-real society*
- **Politics or Community: Which is more important for attracting migration**  
Politicos believe a political wins advance liberty the fastest. Community builders believe community builds liberty-community the fastest. What are the conflicts these groups face.
- **Centralization v. Decentralization**  
To what degree should the development of the liberty-for-real society be controlled by a central body, vs. decentralized out to grassroots.
- **Whom to Seek first for your liberty society?**  
Not all liberty-for-real society members are equally valuable. Who helps and who detracts?
- **Personality Differences: Early Versus Later Movers**  
A liberty movement early on disproportionately attracts personality quirks (e.g., oppositional defiance). Over time, more normies join. How to overcome the bad rep of the initial wave?
- 

### **Protecting the Toe-Hold**

- **When Unions come Gunning for You**
- **Protecting Your Liberty Society Against Psychopaths**  
Liberty-for-real societies are a move away from being ruled by psychopaths. But how do you ensure that the psychopaths don't come back?
- **Dealing with real modern gangs in a libertarian society.**

### **Migration Control**

- **Protecting a liberty society from authoritarian migration incursion**  
*When authoritarians start invading, what is a liberty-for-real society to do?*
- **How might a liberty society handle immigrants with anti-liberty ideologies?**
- **Borders or No in a liberty-for-real society**  
*Who comes in and who is kept out - and how - in a liberty-for-real society*

- 

## Jobs

- **Attracting businesses to your liberty-for-real society**  
Employment is one of a key drive. How can liberty-for-real societies attract businesses that are consonant with liberty?
- **Which businesses are more attracted to liberty-for-real societies**  
*Not all businesses are equal. Which businesses will be more attracted? What are characteristics?*

- 

## Constitutions

- **Constitutional and other protections of human rights for liberty society**
- **Creating a societal framework where human rights will not be so easily violated again.**  
*What type of constitution, or replacement of a constitution, becomes the founding document of a liberty-for-real society?*

- 

## Governance

- **Democracy in a libertarian society - the greatest threat**  
*How to move from universal democracy across theoretically almost any decision, to private decisions of covenant communities.*
- **Preventing the Emergence of Tyrants**
- **What must be done centrally?**

- 

## Ostracization/Banishment

- **Removing authoritarians from an emerging liberty-for-real society**  
*No matter where one sets up, there is usually an authoritarian base population already there, and not aligned to liberty. What recourse does a liberty-for-real society have if it subscribes to the NAP?*

- **At what point is a citizen of a liberty-for-real society expelled?**  
*Is there a mechanism to expel a citizen, especially if there are multiple communities.*
- **Shunning and ostracization v. kindness and redemption**  
*How do different communities make this tradeoff, and manage the border between these different levels of tolerance?*
- **Adopting a centralized “social credit score” system to a multi-community network**  
*“Social credit score” are the bugaboo of authoritarian dystopian societies, but how could word of mouth be utilized through technology such that other communities can be forewarned about bad-actors, and citizens incorrectly accused of bad acting can quickly restore their reputation?*
- 

## Money

- **Increasing the diffusion of crypto within a liberty-for-real society**  
*Using crypto requires businesses to accept crypto, but suppliers accepting crypto requires lots customers interested in using crypto. How do we get past this chicken & egg problem?*
- **Securing bulk precious metals**  
*A society that starts using silver and gold will have issues of protecting and transporting heavy and valuable metals.*
- **Money w/o a Central Bank?**  
*How can banks start up w/i a liberty-for-real society that circumvent Federal laws on surveillance and fiat?*
- 

## Children

- **Child Protection in a multi-moral society**  
*Given a liberty-for-real society will have different relationships between the parent, the child, and the covenant community, to what extent can “child protection” protect children and what would that mean?*
- **Protecting children in a multi-moral society**  
*“Child Abuse” is defined differently by different segments. How are children “protected” from abuse and from factional preferences?*
- **What happens when your child grows up an authoritarian**  
*We have had only a few examples of first generation libertarians,*

*But often we do see libertarian parents raising authoritarian children.  
What happens to these children within a liberty society*

- **Breed 'em for Freedom**  
*Is the fastest way to secure a region to have large families?*
- **Benefits and Challenges of growing up free**  
*The perspective of the child of citizens in an emerging liberty-for-real society*
- 

### **Covenant Communities**

- **Covenant community contracts**  
*What are necessary elements of covenant community contracts?*
- **When covenant communities voluntarily violate human rights**  
A covenant community can voluntarily agree to violate rights (e.g., no drugs). How is this navigated amongst the community and with adjoining communities?
- 

### **Lessons from Liberty-For-Real Societies**

- **Do's and Don'ts from the first \_\_\_ years of <liberty society effort>**  
*Overview key lessons learned from liberty-for-real society*
- **Creating a free town in Oregon**
- **Major advances and failures from <liberty society effort>**
- **Why <liberty society> failed, and how to avoid it next time**
- **Fighting a change in governance for a Free City**
- 

### **Sex and the Society**

- **Fixing the too-many-males problem**
- **Converting the Flotsam**  
The vast majority of the native population will not be liberty, with have grown up under

authoritarianism. How to ...

- **Attracting women to a liberty society**  
Are women less drawn to liberty? What programs and appeals can bring more women to what is usually a heavily male endeavor?
- **Utilizing Prostitution as a Stop-Gap**  
What are the problems and benefits of prostitution for developing a liberty-for-real society?
- 

### **Nullifying Laws**

- **Which Laws Should Be Nullified First?**  
*Most liberty-for-real societies face laws from superior organizations.*
- **What happens when your nullification is nullified?**
- **Nullifying Taxes**  
How do we nullify the federal government's ability to take our money and ransom it back with strong attached? (Tax Nullification)

### **Genetic Components**

- **Will Interbreeding Produce Homo Liberatus**
- Are racial disparities in desire for freedom permanent?
- **Autism and Freedom**  
There is a correlation between those who seek freedom and autism. Is this permanent?
- 

### **Schooling**

- **Ending government schooling for private options**  
*How does one transition from a mentality of "free" school to "paid" school, given that the native base has been brainwashed to believe schooling can only be provided coercively?*
- 

### **Taxation**

- Transitioning from coerced tax payment to voluntary/contractual payment

- Getting rid of Property Taxes
- 

### **The Problems with Commons**

- **Weening the Cronies**  
Cronies have built large employee, consumer, and political constituencies. How to extract a free market away from crony political control?
- **Transitioning from common roads to private roads**
- If all parks are privately owned, where do the homeless go?
- How to ensure one is not land-locked with private roads all around.
- 

### **Tools for Freedom**

(be sure to motivate with an actual problem faced by liberty-for-real societies)

- 

### **Culture**

- **When Basic Facts Are Third Rails**
- If a particularly thick group, with animosity to another thick group, gains prominence, what are the options for the second thick group besides abandoning the liberty society?
- Envy versus excellence: the jockeying for position within an emerging liberty society
- Blue Collar vs. White Collar Liberty Movements
- 

### **Food**

- **Food self sufficiency**  
**How to protect the society from embargoes and other food disruptions.**
- 

### **Other Possible Areas:**

- Culture
- Economics
- Social
- Psychological
- Diffusion
- Political
- Legal
- Logistical
- Safety
- Defense
- Health
- Trade
- Infrastructure
- Border
- Religion
- Charity
- Business;
- Investment
- Constitution
- Crime
- Advertising
- Immigration
- Conflict resolution
- Community-building
- Virtue
- Tolerance
- Minorities
- Governance
- Covenants
- Banishment
- Children
- Schooling
- Abuse
- Dating
- Family
- "illicit"/Harmful Drugs
- Nullification
- Innovation
- Libertinism
- Vices;
- Arts;
- Intellectual Property
- Certification (licensing)
