

[District Name] values [*enter district values here: e.g. a sense of community in our school or, communication and family engagement*], which is why our [elementary schools/K-8 schools/all schools] will now use ClassDojo for communicating with families and building positive school communities. Families can use ClassDojo's app or website to create an account, keep up with school news and events, and see what's happening in the classroom through photos, videos, messages, and feedback reports.

How families can use ClassDojo:

- Send and receive messages to your child's teacher
- Get school and class announcements, plus learn about upcoming events
- View photos and videos from your child's classroom
- See the feedback your child is receiving in class
- Communicate in 130+ languages, with automatic two-way translation
