Committee Report – *Alayna Payne (next reports due Oct 7)*

- Approve August Committee Report- Motion to Approve: Shirley; Second: Jonathan
- From Lori Anderson - Outreach Chair/Interim Member Care Chair:

I know there was discussion about Member Care responsibilities with visitors as there was confusion on if that was part of our duties or if there would be another committee set up to advertise, evangelize, recruit (whatever the term is) to bring in visitors to Abiding Grace and to welcome them, reach out to them, etc and then once they decided to become members then that's when Member Care would take over with the New Member dinner and then take it from there. Outreach was also involved in these discussions. Not sure where things lie but I wanted to see what is currently being done for visitors to our church at this time with all the covid restrictions.

We used to have a text messaging service where visitors could send info via text - not sure that is still the case. Another idea I had was we could include a QR code on the back of bulletins for visitors to scan that links to a google form where they could fill in basic info if they desire and it could go to me and I could help out with initial contact unless Nick or Vanessa handle that.

Anyway, let me know your thoughts on this and if you want me to help out with this endeavor as Member Care and Outreach chair for now.

Lori decides which committee to handle QR code (Kristin)

Building Use Approval / Fundraising Approval- N/A
