“Here's to summer!”

Marika and Michelle tap their champagne glasses together, bathing in the sunlight while they relax on a non disclosed beach, surrounded by all kinds of hunky hot men. The redhead sighs as she allows the beverage to rest on her tongue, while the blonde sighs while keeping her eyes on her friend. She's naturally proud of herself, having picked out her best friend's black bikini before making the trip. As this is mostly a celebration of her new hairdo after the sci-fi convention incident, she wanted to make sure Marika had all eyes on her.

“It's kinda funny,” Marika says, adjusting her top, “I mean I've been naked in public before, but this is probably the most naked I've ever felt.” She does make note of the small fabric that surrounds her nipple, while most of her skin is exposed by the fashionable design, all while looking around to see that all eyes are on her, as if expecting her nipple to slip out of her swimwear.

“You're right, it is funny.” Michelle giggles. “You can't tell me after having been used like a cock cozy like, twice now, you're still not used to people thinking you're really hot?”

“I guess it's just not something I'm used to.” Marika admits. “But I have to say, I've been feeling a bit more confident after getting that haircut. I don't know how else to describe it.”

“Probably because all that hair wasn't letting you show your assets off to the fullest.” Michelle says, taking a sip before continuing her explanation. “I mean without all that hair in the way, your breasts definitely look bigger, your thighs are...thicker...hmmm...”

“Michelle? Are you...oh.” Before asking if her friend is feeling fine, Marika sees that she is, only in this case “fine” is the name of her cock.

The blonde looks up at her crotch, realizing that her member is bulging against her bikini bottom, revealing her shaft to anyone that walks by. “Hm? Oh, I guess I was thinking a little too much about...well, you.” She winks at her redheaded friend, sipping her beverage while watching her face turn bright red. Biting her lower lip, Marika smiles through her expression, appreciating her friend's 'compliment' towards her. She sits up, with her boner still sticking out of her swimsuit, bouncing against her thigh. “I'll go see if I can get some more drinks.”

“I'll guard the towels.” Marika says, going for another drink of her beverage. Once her lips hit the rim, she realizes that she's down to her last drop, sighing as she stares up into the empty glass. A small drop lands on her chest, with the redhead pressing her finger against it before sticking the digit in her mouth, humming at the taste of her alcoholic drink. “Man, I can't wait for Michelle to get back,” she sighs aloud, laying back on her beach towel, “I need a drink now.”

As if her prayers were being answered, when Marika finds that she's out of the sunlight and under a sudden shade, she lowers her sunglasses to find a gaggle of good looking gentlemen

standing over her, all shirtless and hunky. “Hey guys, can I help you with anything?” she asks, raising an eyebrow at their sudden appearance.

“We heard you were looking for a beverage.” says the tanned blonde, his body soaking wet from the ocean water. He nudges down to his drenched trunks, with Marika noticing the bulge that pushes against the wet fabric. “We think we got something that can tide you over.”

On the inside, Marika is still nervous about having yet another open gangbang, especially in a public setting like the beach. However, the redhead manages to maintain her confident behavior on the outside, licking her lips as she looks at the dicks that are still concealed inside their bathing suits, ready to reveal themselves to her. With a mischievous grin, Marika holds up her champagne glass, saying to the men, “Go ahead, boys, fill 'er up.”

With permission of the redhead, the boys standing over her lower their trunks, showing their rising members off to her. As they start to stroke their rods, heavy breathing heard among them, Marika hums in delight, staring up at the forest of cocks as they all do their best to prepare for a climax into her drinking glass. As she holds it up, waiting eagerly for their spunk to fill it to the rim, Marika bites her lower lip, posing seductively to help motivate the group into cumming sooner and faster. “Come on, boys,” Marika says, her mind now more relaxed as she watches the men play with themselves, “I'm getting so thirsty here...” She lifts her sandal-covered feet up to one of the beach-goers at her legs, using her soles to give him an assist. She watches his head tilt back while her sandals squeeze his cock between them, rubbing them slow and gently against the schlong while his body tingles. The others continue to rub their shafts, staring on at the bits of skin shown off by the bikini top as the mounds squeeze against the holes surrounding the fabric around her nipples.

“Would showing off anymore help you guys out?” Marika asks, teasing the circle of beach bods as she slides her finger under the designer top. “Maybe just a little nipple to get you going?” As they nod, this seems to get the men more riled up, as their hands move faster along their cocks, stroking vehemently to get their cum in the glass. While she smiles seductively, Marika finally slides the fabric off her right nipple, showing the hardened pink nub off to them and anyone else that may be watching.

That seems to do the trick, as the first one to cum on Marika is the one whose dick is massaged between her soles. His cum shoots far, landing right onto her stomach, and is the first shot of many that's been set off by the exposure of her nipple. Soon cum flies all over the redhead, with some strings of spunk landing on top of her cute beach towel and its tiny ninja cat design. A good chunk of it covers her legs, with her left one bent to coat the lower leg and knee in the milky substance. Her belly button manages to pool up a small portion of it, with intentions to ask Michelle if she can drink it out when she returns. Thankfully, at least one of these beach goers manages to hit his load into the champagne glass, which Marika holds up for him as he's the closest one to her to do so.

As she brings the glass to her lips, Marika licks them in anticipation, unable to wait and slurp up that sloppy spunk. She drinks it down like she would any other beverages, humming as its yummy flavor goes down through her throat smoothly. “Mmmm, now that's delicious...” Marika says with a grin.

“Oh, I didn't know they can serve you drinks from here.” Michelle returns with two glasses, seeing her cum coated friend swallow more cum from her glass. “If I knew that I would have stayed here with you.” says the blonde, giggling as her cock is now throbbing, hard enough that it manages to push the bikini bottom loose, the ties holding it up coming undone. “You know, so I can fill that up for you.”

“Sorry, I didn't think I'd be in the mood for cum.” Marika says, teasing Michelle as she takes her seat back down on her towel. “You could help yourself to some of these guys, though.”

Michelle shakes her head, placing her glass down as she kneels over her friend's stomach. “That's okay, I'd rather observe them while they do you. Then do you myself once they're done.” She giggles to herself, lowering her head to get a sweet taste of the cum that's built up on Marika's belly button, giving it a quick slurp before leaving her friend to the throng of men still surrounding her. “That was tasty, though. Hope the rest of you are like that.” The one that left behind the belly jizz, a tall and hunky Samoan with frazzled hair, grins and winks to Michelle as she sits back and enjoys the show.

A tanned man with a gold tooth in his grin sits atop Marika, placing his cock between her tits while squeezing them together. The redhead stares on eagerly, biting her finger while watching his bell stick out between her mounds. She can't remember a feeling so firm for her mammaries, a point that seems to prove that they appear much larger without her longer hair. The tanned blonde male kneels next to them, leaning into her nipple and giving it a hard suckle even as it's being used to pleasure the gold toothed male. It may seem like a silly predicament, but Marika giggles nonetheless, entertained by all the attention she gets from these hunky beach goers.

While her upper body is extremely occupied, Marika gasps when she feels fingers slide her bottom off, revealing a damp and wet pussy to the Samoan as he prepares to munch on her well shaved crotch. He uses his tongue to lap away at the moisture already sitting atop her skin, which causes the redhead to squirm with delight as it tickles her muff. His fingers slide inside her meat curtains to check for the level of wetness inside, while his mouth suckles on the clit after cleaning up her mess. One of the others surrounding Marika manages to make off with her bikini bottom, sniffing away as he runs off with it.

Marika hums to herself, taking enjoyment in the pampering given to her by complete strangers. As this is at least the third time she can recall such an activity happening to her, she's become pretty adjusted to it. The gold toothed man's dick manages to make its way to her mouth finally, with the redhead sticking her tongue out to get a taste of his salty shaft. As it bobs out of her breasts, Marika keeps her tongue out to lash away at the crown, getting small drops of precum

in her mouth as he continues on. Her back arches when the Samoan finally takes his meaty fingers out of her snatch, replacing it right away with his tongue. Having pleased her clit before, she enjoys the swirling motions made inside her cavern as he gathers up more of her sexual fluids as they slowly drip out.

Michelle watches on, her legs spread wide so as to give herself some breathing room. She stares between the legs of a Hispanic man while his member hangs between them, getting a small glimpse of the action her friend is receiving. She doesn't mind that all eyes are on the redhead and not her, as she prefers to observe while playing with her own meat rod. She licks her lips when the gold toothed man shoots his wad onto Marika's face, with her friend's mouth open wide in an attempt to catch his spunk. It naturally lands all over the place, including her sunglasses, which Michelle just finds all the more impressive. Even if it dries up, they'll still have something to snack on later in the day.

The gold toothed man removes his gooey cock from Marika's breasts, grabbing his trunks and heading out of the circle of jerking men while she uses her finger to remove part of his seed from her cheek. Oniki flicks her tongue at the seed, letting it rest in her mouth before swallowing. Satisfied with that, she takes another glance at her champagne glass, realizing that it's full to the brim with cum once more. "Geez, you guys work really hard to fulfill my thirst, you know that?" Marika laughs, taking the glass and slurping at the milky goodness.

Three more men jerk off over Marika's body, giving her another lovely coat of jizz that makes her giggle happily. She holds up her glass once again, which is dripping with spunk, letting them fill it up for her one more time. After they've left, Marika takes a small sip, then sits up so that she can rub most of their seed into her skin like a lotion. All the while her eyes lay on the Samoan, who is all too eager to get her pussy roaring.

As her hands move about her body, even undoing her top to get every inch of skin, the tanned blonde waves his dong in Marika's face, letting the redhead crane her neck out to get a taste of his thickness. It manages to go deep in her throat, with her tongue moving from aide to side underneath while he thrusts his hips against her face. As she stares at his well toned abs and V-cut waist, his flesh bell manages to make it down her throat, giving Marika a good idea of just how big he is in size. Every pull back causes her drool to escape from her lip, dribbling down to her chin the longer he keeps his throbbing boner inside.

Soon enough, her mouth isn't the only drooling hole, as the Samoan has finally managed to use his fingers and tongue to work Marika into an orgasm. Her head stays firmly still as her body quivers, humming against the shaft until the blonde man grabs her by the skull and forces her into his groin. Her lips hit against his dick's base, with the redhead grunting every time she bumps into him. His balls slap away at her chin all while the Samoan opens his mouth wide, his face sprayed down by Marika's orgasmic fluids while it hits him like a fountain. All the other men standing around her go wild, watching as this beauty cums like the ocean needs her fluids for replenishment.

With his load secured inside Marika's stomach, the tanned blonde pulls his cock out, leaving a little spurt of cum to hit her in the face after. The Samoan wipes his mouth, having dined well on her muff after bringing the young woman to a fine enough orgasm. After exhaling from so much pleasure, Marika removes her sunglasses to look at the front of them, seeing just how much spunk covers up the darkened lenses. She licks them nice and clean, using her tongue once again to get the jizz off. While that may have made the sunglasses a much larger mess afterwards, with her saliva getting them wet instead, she still wears them, just to avoid any sunlight getting in her eyes.

After the cleanup, Marika shivers from the sudden surprise of someone cumming on her back. While she wishes they'd give her a warning about doing that, the redhead thinks up a way on how to handle it while still giving the circling men a good show. "Hey, Michelle," Marika says to her masturbating friend, "how about you be a sweetheart and rub this lotion into my back?"

The blonde's eyes shot open, her face growing red out of the question being dropped so suddenly on her. Michelle hadn't expected to be apart of the festivities, yet her friend has invited her to do so. She may be proud of her cock, but to be involved in what she wanted to be her friend's day is quite unexpected. "Oh my god, I didn't think you'd ask." Michelle says, literally jumping at the opportunity as she kneels over Marika's sexy body.

"What else are friends for, right?" Marika asks, winking back at the blonde. While the redhead rests her head atop her forearms as they're crossed over the blanket, she takes delight in the way Michelle rubs the cum into her back, using it as a substitute for proper sun lotion. While it may not do a whole lot to keep from a sunburn, they can at least argue that it will leave Marika's skin nice and smooth. Besides, they had already put actual sunscreen on them before leaving for the beach.

The longer Michelle stays on top of her friend, the less she can help herself. As her cock throbs against her friend's exposed ass, Marika pushes it between her cheeks, hearing a giddy groan from the redhead, who had wanted that to happen all along. Michelle juts her hips against her friend's rump, the men standing over them talking amongst themselves over how hot this girl with a cock is riding her dick down the ass crack like a hot dog in a bun. The blonde hisses as she inhales, rolling her eyes back while her hands stop rubbing the jizz into Marika's back. Even the redhead knows that Michelle wants a piece of her, something she had been hoping for since these men offered to "refill" her glass.

Eager to get herself off, Michelle brings her hands down to Marika's hips, holding them tightly while she goes harder inside the ass crack. The redhead sighs loudly, while her dripping vagina pools the fluids up on her blanket, a sure sign that she's loving how the blonde is massaging that little space between her legs. The men all grunt and groan, playing with their own shafts while waiting for a chance at Marika. Those who lack the patience or cum too soon end up using the glass to leave a little "tip" behind for her to enjoy later on.

Unable to hold back, Michelle picks up the pace before slamming herself hard against Marika's ass, her cock finally spewing out more cum that ends up on the redhead's back. While the blonde groans uncontrollably, Marika thinks to herself about how happy she is that she cut her hair, as she's quite sure all that spunk would be in there rather than on her bare back right now. She doesn't care, however, as it feels wonderful having Michelle leave something on her just for the day.

"Thanks…" Michelle sighs, leaning into Marika's face as she leaves a peck on her cheek. "I didn't realize how badly I needed that."

"I think you would have gone crazy without some release." Marika confesses, giggling as her blonde friend returns to her towel to enjoy the rest of the show.

While she remains on her back, another of the men, this time someone with a smaller yet fit frame, rests atop Marika's ass just as Michelle had previously. This time, however, he manages to slide his dick inside her anus, prompting the redhead to moan loudly. Her eyes roll back in their sockets, taking enjoyment over the anal stretching given to her. "Oh yeah…" Marika sighs. "That's it, that's the spot. Give it to me good…"

The fit male does so while his peers watch on, pushing his cock until it manages to go deeper inside the redhead's ass. As her mouth hangs open, Marika's lips remain curled, while she slowly inhaled the air around her. She takes a glimpse over at her champagne glass, which has ended up becoming her "tip jar", just to see how much seed is left for her by those who couldn't handle themselves. It's at the point now that the milky substance drips over the rim, oozing onto the towel while leaving an obvious stain behind. Marika isn't worried, as she plans to wash it after all of this anyway.

For a short while, the fit male pounds away at her ass, giving it a proper stretching that soon lets him access the redhead's hole with ease, his cock sliding against her rectum without need for lubrication. Marika raises her ass in the air, her arousal growing high as he goes harder on her backside. Soon enough, he can't contain himself for much longer, and his load ends up dumped inside her asshole, coating her tunnel in the milky substance while she imagines the cum dump going on inside her.

After the fit man pulls out, Marika happily pushes the milky fluid out of her ass, with most men being able to see as it flows onto the towel, leaving a trail of cum that covers up her taint. "Fuuuck that was great…" Marika says while holding the toothiest grin. She spreads her cheeks out, keeping her backside raises up while her other hand spreads out her lips. "Who wants to have both holes, guys? Let's not be shy now."

Two black men decide to take Marika up on her offer, grinning widely as they help the cum covered cutie off her towel. With her body naked otherwise, they help the redhead onto their

cocks, each entering her ass and pussy respectively. The young woman whines through her greedy smile, finding the sensation going through her spin incredible. She wraps her arms around the black man who fills her pussy, biting into his shoulder blade while her snatch adjusts to the size he presents. Her asshole has already been used and lubed for the second black man, who manages to get his dick inside her with no problem.

Everyone, including the exhausted Michelle, watches as Marika bounces on top of the two big black dicks, her breasts bouncing along as she feels the friction created inside her holes. Her juices drip out of her snatch, managing to drip down both cocks while they remain standing over her beach towel, which catches the moistness onto itself. Marika's mind has melted after having been pleased while also taking so much cock in one day, her eyelids remain half shut as her tongue sticks out from her mouth. Her body sweats profusely, while her skin practically sticks to the skin of her black skinned penetrators as she mentally pleads for her body to break and let her live out another orgasm by their hands.

“That's it, that's fucking it, just keep poking around in my holes...” says the dazed Marika. “Let me cum on those dicks, please, let me cum on those big bones...Hnnnngh! HRRRRGH!”

Despite having already asked for it, Marika grits her teeth together as the two men bring her to the brink of orgasm before shoving her over the edge. Her body tenses up as she dribbles her juices out of her snatch, leaving the dick inside her hole sopping wet. After this, it doesn't take too much longer for the men to ejaculate into her, as she clenches her holes down on their big meaty shafts. Their milky jizz sprays down her caverns, coating the walls in the sexual fluid while filling them near the point of full occupancy. Marika groans as their seed leaves her holes, truly making a large mess out of her ninja cat beach towel.

When the two black men have finally had their balls drained inside her, they let Marika off their cocks slowly before letting her down on the cum covered towel. The redhead wears a dumbfounded expression on her face, grinning from ear to ear while her eyelids remain half open, while her body tries to remain kneeling of its own will power. Michelle approaches her friend, giving her a long congratulatory kiss before licking off small bits of cum from her naked body, hearing Marika laugh quietly to herself.

“Oh, man...I can't say I regret this trip to the beach.” Marika says, holding her blonde friend close.

“You say that,” Michelle says, “but you should see the line that's been forming since they saw me hot dog your ass.” She nudges her head to the right, where the redhead sees that said line stretches for a good long mile, unable to see the end due to the curve of the beach. Several men are ready for their own turn with Oniki, who lowers her sunglasses just to make sure she isn't imagining this.

“Huh. I didn't think this many people were here today.” Marika admits.

“They probably got here due to word of mouth.” Michelle guesses, licking cum off her friend's chest.

Marika sighs as she reaches for her champagne glass, which has been overflowing with jizz for quite some time now. “I think we might need some more glasses.”

“Sure, I'll get more drinks.” Michelle says.

“Nah...just the glasses.” Marika says with a wink, sipping on more male milk.
