

Name: Rai Storm

Nicknames/Aliases: Solstice, R.S

Gender Identity: Female

Age: 14

Species: Elatian (Home planet is Elatia)

Appearance: Long, white hair, dusty brown skin, pastel yellow irises, yellow sweater and bow on head, black jeans, white boots.

Personality: Rai is edgy and hysterical, loves to joke around and poke fun at others. Incredibly charismatic and always okay with being under scrutiny and pressure. Solstice loves debating and arguing with people, and she's always confident in her opinions.

Backstory: Rai has an incredibly strong appreciation for life because of some details in her past, the first of being her biological parents abandoning her at birth to die. She was found by Jaidyn Storm, her mother, and was raised without knowing a thing. At age fourteen she knew that her dad wasn't her real dad, but that's it. Her family hasn't told her anything else yet, so she still thinks that Jaidyn is her mother. The other detail is that her ability, electricity, can kill. Easily. So she is always aware of her power and how deadly it can be if she's not careful.

BASE STATS ;

Strength: 23

Stamina: 21

Dexterity: 19

Intelligence: 23

Charisma: 20

Weapons: Rai prefers to fight with her electricity and her hands, but that's not to say that she doesn't use weapons. She just doesn't like them as much. Now, that isn't to say she can't swing a sword or fire a gun, she just isn't as skilled as others.

Special Abilities:

Web Lightning: Rai throws out a spider web of lightning, covering about a twenty feet by twenty feet area. The voltage is enough to cause minor damage, stun someone, and make sure her opponent can't get to her.

Electrical Barrier: She creates a forcefield around herself made out of electricity that will deflect almost anything, causing minor damage as it is around 70V. If you try to run through, then it starts causing major damage. It will catch anything slower than the speed of a bullet. But, because there are no gaps, she will eventually suffocate because she runs out of oxygen. She can be in there for five-minute intervals before she'll start to suffocate. She can also surround enemies with the shield for 5 seconds, and create gaps in the barrier as well.

Lightning Storm: About ten completely controlled lightning strikes hit the earth where her target is, each one is about ten percent of a real lightning bolt.

Electrokinetic Surfing: Solstice uses her electricity to boost her speed.

SPECIAL RANK ABILITIES

Lightning Healing:

By concentrating her electrical powers, Rai can speed up the natural healing her body has by stimulating the cells. This has no visual output, except for the quick healing on the outside. It may appear as bones been corrected or bruises fading back to skin.

-LIMITS-

Rai can only heal herself.

Rai can heal small cuts and grazes with little effort.

More extensive wounds would take more, broken bones being the limit, causing extreme exhaustion.

Fighting Style: Rai loves to mess with her opponent, using her charisma to confuse them and mess with them as much as she can. Then he'll attack, trying to stay on the offensive until you use up all your energy.

Quotes:

"Some people told me that I was like a lightning bolt; forgotten just as it touched the earth.

That's incorrect because I'm much more than that. I'm the storm."

"You turned the page, I burned the book."

"Protect those who stand behind, respect those who stand beside, and show no mercy to those who stand across."
