

Rube Goldberg: G11 Collaborative Science Planning Sheet

Team Name:

Teacher Supervisor:

Team Members:

Please fill this in and print.

Ultimately what is the overall task that your machine will complete?

What are you going to use for the 6 simple machines?

- 1)
- 2)
- 3)
- 4)
- 5)
- 6)

What are your Chemistry Components? *You must have at least one*

What are your Biology Components? *You must have at least one*

Sketch Your Design Here

Jobs that need to be done to complete your project, such as research, construction, presentation, etc.

Jobs Needed for the Build	Team member Responsible

Jobs Needed for the Presentation	Team member Responsible
1 person in charge of filming the process and completed machine in action	
1 person who will explain and design the design process	
1 person who explain the Biology and Chemistry components of the machine	
1 person who will explain the 6 simple machines and give an overview of the machine to visitors
