

GENDER AND SEXUALITY ALLIANCE

Sponsors: Mr. Dial-Scruggs and Ms. Peterson

This club is open to any and all students who have an open and accepting mind regarding gender and sexuality concerns. We meet to discuss issues, share experiences, and support each other. Our topics include community awareness, school, bullying, life after high school, and other topics as needed. We reserve the right to remove a student member if they are unable to be supportive or cause issues for members of the group.

We are a group founded in support and love. If you want to be a part of an accepting club - just as you are - then this club is for you!

We invite you to join our GSA classroom and after school meetings!
