

Mission Statement & Info:

Trinity Water Polo is a close-knit community of students who work together to learn, appreciate and play the wonderful sport of water polo. Every member has varying levels of experience and knowledge of the sport, so anyone can join in!

Due to the growing nature of the team, we have partnered with The Alamo Masters Water Polo Team. With our new addition of the Masters Team, we have a coach and additional, non-Trinity players to help us practice and scrimmage. For tournaments, we often play under the Masters' name as the Gators, but we are still Trinity, through and through.

Practices:

We practice every Monday/Thursday 7:00-8:00 pm. This follows a swim club practice from 6:00-7:00 pm. While participating in the swim practice is not required, we encourage it for conditioning and being more of an active part of the community. We also have regular Masters scrimmages on Saturday 1-3 at Alamo Heights Pool.
