CornWELL Festivals CIC

Non-Executive Director

Role description

As we prepare to incorporate as a Community Interest Company we are seeking a non-exec director for CornWELL Festivals.

EXISTING DIRECTORS

- Adam Pearson, founder. Adam is a hypnotherapist and social entrepreneur with a background in organisational change.
- Katie Hemmings. Katie ran the Raise and Donate organisation at Falmouth University and is a graduate in Creative Events Management.

WHAT WE'RE LOOKING FOR

We think it would be really valuable to have someone with financial and commercial experience on our team, to complement our existing skills, ask the really hard questions, and bring an even more critical, rational and strategic eye to our operations and plans. We're thinking of perhaps someone who is already a commercial or financial director, who is looking to extend their contributions, perhaps with a particular interest in community wellbeing and public health, and not someone who is constrained by existing thinking on these topics.

We hope they will bring:

- Commercial skills, ideas and awareness
- Knowledge of financial structures and management accounting
- Networks and connections

COMMITMENT

- Initially, support in reviewing long term business, prior to incorporation.
- Quarterly ½ day board meetings
- Annual strategy review meeting (1 day)
- Phone calls (approximately monthly)

- This is a voluntary role.

BENEFITS for the NON-EXECUTIVE DIRECTOR

- NED experience
- Networking and connections
- Wellbeing and social cause experience

PROCESS

- Initial requests for interest and introductory conversations (by 22 June)
- Shortlist conversations (by end June)
- Take references (July)
- Appoint NED by end July
- Agree 5 year plan and incorporate as Community Interest Company
