

Spring 2025 Workshop Dates

JoltEDU Author Collaborative members are welcome to attend any of our author workshops for opportunities to connect, network, and learn (dates below).

Your attendance is completely optional. **Although sessions will be recorded and shared, Act 48 will only be provided if you actually attend the live session.**

1) JoltEDU Author Collaborative Kick-Off

Join us for an engaging kickoff session to launch our learning journey together! In this session, we'll get to know one another and discuss how JoltEDU empowers educators through innovative, practical, and flexible professional learning experiences. Together, we'll set the stage for a collaborative and impactful workshop series that aligns with the JoltEDU design principles as we learn how to make every minute of professional learning matter.

Virtual
Date TBD

2) Getting Focused: Crafting On-Target Learning Outcomes with ChatGPT

Discover how to create clear, impactful learning outcomes with the help of ChatGPT. In this workshop, we explore the importance of well-defined goals in guiding professional learning experiences and demonstrate how ChatGPT streamlines the process. Walk away with a clear and meaningful focus for your micro-course.

Virtual
Date TBD

3) The Art of the Hook: Creating Stunning Visuals with Canva

Learn how to grab your learners' attention and keep them engaged with powerful visuals. In this workshop, we combine the art of creating compelling hooks with the design capabilities of Canva. Discover strategies to captivate learners from the start, then explore how to design eye-catching visuals that reinforce your message. You'll leave with a practical hook for your micro-course.

Virtual
Date TBD

4) Activating Prior Knowledge with H5P: Interactive Strategies for Deeper Learning

Explore how to activate learners' prior knowledge using interactive tools from H5P. This workshop demonstrates how engaging activities like timelines, quizzes, and interactive videos can help bridge the gap between what participants already know and the new concepts they'll learn. You'll gain access to the H5P tool for creating interactive activities for your course. .

Virtual
Date TBD

5) Delivering Content That Sticks: Engaging Learners with Google Slides and Canva

This workshop focuses on strategies for visual storytelling and making learning memorable. Learn to combine Google Slides' dynamic presentation tools with Canva's creative design features to craft visually stunning, learner-centered instructional videos that capture attention and leave a lasting impression. Walk away with practical tips to elevate your course content.

Virtual
Date TBD

6) Supporting Learners with Built-In Feedback: Guiding Growth Every Step of the Way

Learn how to support learners throughout their journey by incorporating built-in feedback into your online learning content. This workshop explores how to use TalentLMS design features to create activities and assessments with embedded feedback that encourages reflection, reinforces learning, and fosters confidence. Walk away with practical examples to make your professional learning experiences more supportive and effective.

Virtual
Date TBD

7) Practice Makes Progress: Building Scenario-Based Learning with H5P

Discover how to design interactive scenarios that allow learners to apply their knowledge in real-world contexts. Explore how H5P's branching scenarios can foster critical thinking, decision-making, and active participation. You'll leave equipped with strategies to transform practice into meaningful progress in your online learning content.

Virtual
Date TBD

8) Closing the Loop: Crafting Actionable Demonstrations of Learning with TalentLMS

Learn how to develop meaningful tasks and assessments that allow learners to demonstrate their understanding in quick but practical, authentic ways. Explore how to incorporate supports and feedback for these tasks that drive improvement and reinforce key concepts. Walk away with a well-crafted task or assessment for your course in which learners will demonstrate they've met your learning outcome.

Virtual
Date TBD

9) Promoting Long-Term Learning with Interactive Content in Genially

Discover how to create interactive, engaging content with Genially to promote long-term learning and retention through strategies like spaced repetition, reflection, and active participation. Learn to use Genially's dynamic tools to craft memorable learning experiences that stick. Leave with actionable ideas to make your professional learning content both impactful and enduring.

Virtual
Date TBD

10) Celebrating Success: Gamification, Analytics, and Authoring Achievements

In this final workshop of the JoltEDU Author Collaborative series, we'll celebrate the completion of our authoring projects while exploring how JoltEDU leverages TalentLMS gamification and analytics to enhance and celebrate learners' achievements. Join us to reflect on your contributions, share successes, and wrap up the series on a high note!
