

Dear Parents and Caregivers,

We're pleased to announce that we will be holding 15-minute online parent-teacher consultations from Monday, 25 November to Friday, 6 December. This additional opportunity, over and above our October Celebration of Learning and 3-way conferences, is in direct response to your feedback from parent surveys.

During these consultations, we will discuss your child's progress as outlined in the mid-term report, which you will receive via the ESF App on 22 November. Instead of attaching specific targets to the written reports, we will delve deeper into these targets and next steps during our online meeting and will share ways to support your child at home.

Your child's class teacher will offer various time slots between 25 November and 6 December. Please follow the instructions on the sign-up link when you receive it, ensuring you write your child's name.

We look forward to discussing your child's learning journey with you.

Kind regards,

Brenda Cook

Principal
