

AKA...Also Known As

Psychology Terms That Go By Other Names

Reticular Formation	Qualitative Research
Reticular Activating System	Descriptive Research
RAS	
Sensory Neurons	Affect
Afferent Neurons	Mood
Motor Neurons	Antisocial Personality Disorder (APD)
Efferent Neurons	Psychopath
	Sociopath
Observational Learning	Psychopathology
Social Learning Theory	Abnormal Psychology
Vicarious Learning	Clinical Psychology
Modeling	
Axon Terminal	Behaviorism
Terminal Button	Learning
Terminal Branches	Conditioning
Diffusion of Responsibility	Two-Factor Theory of Emotion
Bystander Effect	Schachter-Singer Theory of Emotion
Linguistic Determinism	Classical Conditioning
Whorf-Sapir Hypothesis	Pavlovian conditioning
Linguistic Relativity	Respondent behavior
Sensory Cortex	Operant Conditioning
Somatosensory Cortex	Skinnerian conditioning
	Operant behavior
Control Group/Control Condition	Parallel processing
Experimental Group/Experimental Condition	Dual processing
Interposition	Neuroticism
Occlusion	Emotional instability
Relative Motion	Cortex
Motion Parallax	Cerebral cortex
	Cortical regions

Identical twin
Monozygotic twin

Secondary Reinforcement
Conditioned Reinforcement

Fraternal twin
Dizygotic twin

Sampling Error
Sampling Bias

Frontal Lobe
Prefrontal Cortex

Short-term memory
Working Memory

Explicit Memory
Declarative Memory

Normal distribution
Normal curve
Bell curve

Spacing Effect
Distributed Practice

Two-word stage
Telegraphic Speech

Synaptic Gap
Synapse
Synaptic Cleft

Successful Intelligence Theory
Triarchic Theory of Intelligence

Soma
Cell Body
Nucleus

Elaborative rehearsal
Deep processing
Semantic encoding

Random Sample
Random Selection

Haptic Sense
Touch

Nerve Deafness
Sensorineural Hearing Loss

Olfaction
Smell

Ossicle Bones
Hammer/Anvil/Stirrup
Incus/malleus/stapes

Hearing
Audition

Procedural Memory
Non-declarative memory
Implicit Memory
