- 1 Tablet (with case, cord, and guide)

About This Kit

Because of the skills and time required to play these board games, **they are intended for teens and adults**. You may already own a number of board games at your branch that are great for children, but these games are intended for an older audience, and are not commonly found in people's own collections. Hosting a game program is a great opportunity to have patrons learn about new games they've never tried before that are beyond games like Monopoly, Sorry!, and the like.

About the Games

Werewolf

Each player has an agenda: as a villager, hunt down the werewolves; as a werewolf, convince the other villagers that you're innocent, while secretly dining on those same villagers each night. Dozens of special roles are available to help both the villagers and the werewolves achieve their goals while thwarting their opponents.

Ticket to Ride

Ticket to Ride is a cross-country train adventure in which players collect and play matching train cards to claim railway routes connecting cities throughout North America. The longer the routes, the more points they earn. Additional points come to those who can fulfill their Destination Tickets by connecting two distant cities, and to the player who builds the longest continuous railway.

Unlock

Unlock! is a cooperative card game inspired by escape rooms that uses a simple system which allows you to search scenes, combine objects, and solve riddles. Play *Unlock!* to embark on great adventures, while seated at a table using only cards and a companion app that can provide clues, check codes, monitor time remaining, etc.
