About the Dev

[Twisted Meta](#) is a veteran Game Developer and Artist with a decade of experience working on AAA, Mobile Games and more with amazing teams like Disney, EA and Namco! In 2021, Game Dev and Crypto crossed paths professionally - officially forming the beginnings of the [Twisted Metaverse](#) - There has been no looking back since!!!

After an introduction to Crypto and NFTs through the 9 to 5, the passion for the tech, art and community continued to expand into fruition with the release of [Holly Doges](#) in '22. Twisted Meta's 1st NFT Collection (10000 Mints) released on Polygon and [OpenSea](#). Holly Hodlers are Pioneers of the Twisted Metaverse and as the project continues to mature in the crypto-space, so does the vision.

Since the launch of Holly Doges and [other Polygon NFTs](#), the [Reddit Collectible Avatar](#) Program opened up an opportunity to create RCA NFTs, sparking a bustling community to join the ranks of the Holly Hodlers. In 2024, with the invention of [Pump.Fun](#), [Krumpepe](#) became our Solana Mascot and [Krump.Fun](#) was created with visions of a Community Token for the Twisted Metaverse Ecosystem, aiming to bring all Twisties together under the banner of [Krumpetriot Nation!!!](#)
