Jamie's Basic but Usable NSFW Commission Sheet V2!

Instead of impact font, it's just arial this time.

Thank you for taking interest in my work! You can find all my art related commission stuff here!

On the next page down, you can find pricings for all the different types of commissions I take.

Examples of these commissions can be found in the corresponding tab in the Document Tabs section. That can be found on the left.

Past that you can find what I will draw, what I won't draw, and my terms after.

Once again I thank you for taking interest in my work. If you have any questions, please do not be afraid to reach out on Bluesky or Discord.

Terms

I reserve the right to deny any commission for any reason.

At times I will need to simplify your character designs. Small details, text on shirts, etc, will likely end up as a few pixels. My art resolution is small and I cannot show these details

Payment must be made upfront before I will begin work.
I don't offer refunds, so please be sure before getting a commission.

The final resolution of the image will vary between artworks. I do not like to work within specific resolutions. I use what I need to make the piece work.
