

Pathway to Power ✨💚

A personalised pathway to you and your success

by The Green Witch Guide

What is Pathway to Power?

Pathway to Power is a personalised guidance package, designed to help you understand your patterns, unlock your potential, find the magic or morality that works for you and move forward with clarity.

Many people come for a reading when something in their life feels uncertain.

They want clarity.

They want reassurance.

They want to understand what is unfolding.

And often they leave feeling lighter, clearer and more grounded.

But life doesn't stop after one reading.

New decisions arise.

Old patterns surface again.

Opportunities appear.

Relationships evolve.

That's why I created the Pathway to Power 🤘💚

Instead of booking random sessions throughout the year, this package allows us to work together month by month as your life unfolds.

We follow the natural rhythm of your journey and the cycles of the moon, building clarity, protection, guidance and aligned action over time.

Because the most powerful transformation happens when someone walks beside you through the process, not just during a single moment of insight.

Every session is intuitively led and completely tailored to you.

We combine practical insight, intuitive guidance and grounded discussion to explore the patterns shaping your life and map a pathway forward.

This is not coaching.... It's remembering. It's learning about who you are beyond the surface.

This is not a one-size-fits-all spiritual session.

This is pattern mapping, clarity work, energy work and transformation. With a sprinkle of magic, arts, craft and science.

Together we explore the pathways shaping your life:

- **Your path to love**
- **Your path to wealth**
- **Your path to healing**
- **Your path to confidence & self-trust**

We also explore the patterns behind them:

- **Trauma patterns**
- **Creativity patterns**
- **Belief systems**
- **Behaviour loops**
- **Emotional triggers**

Some sessions are just about being you and going with the flow. That can look like:

- **Cards, tea and chats**
 - **Crafting, painting or planting**
 - **Music, meditation and memories**
-

What Happens in Each Monthly Session

Every Pathway to Power session is safe, unique and judgment free.

Each month you will receive a Pathway Plan™ session, where we work together to explore what is unfolding in your life and the next aligned steps forward.

Sessions may include a combination of:

- **Oracle or tarot card insights**
- **Pattern mapping and life path discussions**
- **Lunar cycle guidance**
- **Astrology insights from your birth chart**
- **Human Design discussion**
- **Breathwork, nervous system tools**
- **Mindset Meditation**
- **Energy clearing or ritual practices**
- **Spell work or ritual creations and intention setting**
- **Science, psychology and history-based discussions**
- **Practical life advice, decision guidance and strategic direction**
- **Energetic protection or clearing work**
- **Deeper exploration of love, wealth, healing or purpose pathways**

Some sessions are reflective and focused on insight.

Others are focused on action, direction and building momentum in your life.

Every session is personalised based on where you are in your journey.

Sometimes we talk.

Sometimes we laugh.

Sometimes we cry.

Sometimes we light candles and create magic.

Sometimes we use crystals and herbs.

The session flows intuitively based on what you need most.

Your birth chart will also continue to be explored across multiple sessions, allowing us to uncover deeper layers over time rather than rushing through everything at once.

Because the most meaningful work unfolds gradually and intentionally.

What Makes This Different?

Pathway to Power blends science, spirituality and storytelling.

Typical readings can offer an answer to a question... a Pathway Plan follows that question as far as it can, while also giving you a glance at YOU. That's where these readings elevate. That's where the POWER gets reactivated.

Pathway to Power is the clarity, the answers, the questions you don't think to ask, solutions, the past, the present, the future and anything in between.

It's the feeling of a loved one dropping in, of learning about crystals, your mindset, herbs, traditions ancient and new. It's about sharing what you know, trusting your intuition and believing in magic again.

We don't just talk about ideas.

We explore:

- **evidence-based healing methods**
- **historical wisdom traditions**
- **modern psychology and nervous system work**
- **spiritual frameworks like astrology and lunar cycles**
- **manifestations and embodiment**
- **connecting you to practitioners, professionals and communities**

It's grounded, practical and deeply intuitive.

This is Mixed Magic in action.

Why Work Across Multiple Moon Cycles?

Life moves in cycles. Emotions rise and fall. Opportunities appear and disappear.

Healing happens in layers.

The moon has always been used as a natural rhythm for reflection, release and intention.

When we work together across several moon cycles, we are able to:

- **track patterns that repeat in your life**
- **recognise emotional or energetic shifts as they arise**
- **move through challenges with guidance and perspective**
- **align important decisions with supportive timing**
- **create rituals or spell work that supports your intentions**

Instead of receiving isolated readings, you are supported through a living pathway of insight and transformation.

Each session builds on the last, allowing your journey to unfold gradually and intentionally.
