

Annotations 01/15

For your **three annotations** for our 01/15 class meeting I would like you to find passages that have something to do with the idea of “**multiculturalism**,” the subject of your first paper and/or **passages that deal with the keyword** you have chosen to investigate.

(**Note:** 3 annotations is the required minimum, but it is to your advantage to find more because this will give you more material for your first paper and your final keywords paper.)
