Group MC Assessment

Instructions For this assignment, you will be working in assigned groups. Everyone in the group will receive the same grade for this "group assessment." As a group, determine your answers to the multiple choice. Once your answer is written in the "Choice #1" box, it will be considered your final answer and ready for grading. At some point, the teacher will mark your response as right or wrong. If it is wrong, decide on a second choice for your answer and write it in "Choice #2". You will receive 3 points for a correct answer in the 1st Choice box, 2 points for 2nd, and 1 point for 3rd.
