**Subject line: It was the moment when everyone's jaw dropped.**

Nobody believed that a 55-year-old guy with arthritis could do it.

Darrell was no different in his day-to-day life from an ordinary 55-year-old.

You could say he was even in worse shape than his peers, due to being overweight and severely visually impaired.

But the moment a golf club appeared in his hand.

Darrell put even professional golfers to shame.

In the 30 years of high-stakes private betting he has attended, where even professional golfers play, he never lost.

**NEVER LOST.**

And all of this was made possible by his tee shot.

After so many years and thousands of balls hit a day in his youth, Darrell could teach you his amazing entrance in two short steps.

He even taught it to a 12-year-old girl.

Find out how and become a real dragon with an entry like Darrell.
