Description:

Come have some fun with Mrs. Schafer and Mrs. Barnhill! You'll get a special peek into all the fun that happens when you become a kindergartner. We'll play games, act out stories, make play-doh, tinker, experiment, and explore our classroom centers.

Also, students will help to make the August calendar for all of their incoming classmates, and will become familiar with some of the routines of our day - including math and reading games!
