DRAFT

1. Welcome/Introductions - Mr. Gatten
 - a. Special Guest - Brad Sorenson, Administrator of Schools
 - i. Proposed High School Boundary Changes
 1. Mr. Sorenson explained the various reasons for the “Midas Creek” boundary changes.
 - a. Mainly in response to requests from the affected area to keep students together instead of splitting among three high schools.
 2. Changes would take effect in the 26-27 school year if approved by the JSD School Board.
 3. Students who would attend Herriman High under the current configuration would be allowed to attend even if the new boundaries are approved.
 - a. Students choosing to permit to Herriman instead of going to their new boundary school would not have buses available to Herriman.
 4. People living in the area who would move to a different high school are given a survey that is different from the one sent to unaffected families.
 5. A concern was raised about Oquirrh Hills Middle School being too full to absorb students if the boundary is shifted.
 - a. Mr. Sorenson acknowledged the concern and stated that the school has the physical capacity to accommodate more students and may be allocated additional teachers as its population grows.
 6. The JSD Board will take comments at their October 28 and November 11 meetings. A vote to approve the boundary change will be held in December.
