Ages: Middle School (MS) & High School (HS, advance class)
Where: Cigarroa High School
2600 Zacatecas St.
Laredo TX 78046
(956) 795-3800
Dates: Session 1: May 31, 2024 - June 23 (Monday-Thursday)
(**Breakfast & lunch will be provided**)
Time: 8:30 AM - 12:30 PM
Cost: **FREE!!!!!!!!**

WaterBotics is a problem-based learning curriculum that has been used in a wide variety of science, technology, pre-engineering, and other classroom settings. Teachers of gifted and talented students, general classrooms, as well as inclusion classrooms from 7th through 12th grades have used the curriculum to teach 21st century skills and physical science, programming, and mathematics concepts.

In this camp you will learn how to **DESIGN, BUILD, PROGRAM & TEST** your robot to work in such extreme conditions (under water).
There will be four persons per team (max). Each team is required to work together for the designing, building, programming and testing of your robot
If you are interested in attending this underwater experience, fill out the application below.

NOTE: We only have 15 seats available.
