Mod 2.0:

You'd have a better chance of being successful if you could post:

1. Key(s) of the song
1. Tempo of the song
1. Lyrics (If you don't have lyrics try /r/NeedLyrics/, /r/MusicInTheMaking or /r/Songwriters/)
1. Melody for the song
1. Where to start singing and the parts of the song

If you're a singer and this makes no sense to you, disregard the message!

You've posted "link" to /r/NeedVocals. Could you provide a sample of your work or of the song you're asking to be recorded?

Till then the post will be invisible to others, to avoid this you can post the instrumental publicly, please read the rules before posting!

Thanks
