

2025 Rate Sheet

EFFECTIVE OCTOBER, 2025

Introductory Flights

[Schedule For \\$249 | On-Demand](#)

Nothing is more exciting than beginning your journey with a flight over the beautiful city of Los Angeles while being in complete control of the aircraft. Get your first experience of taking off, flying, and landing an airplane with a certified flight instructor by your side. Flight credit of **\$200** applied after first 5 training lessons!

Online Consultations

[Schedule For Free | On-Demand](#)

Our online consultations are the most convenient way of answering all your questions about starting your flight training to becoming a pilot. Online consultations are free of charge, but we require advance scheduling.

Campus Tours

[Schedule For Free | Drop-Ins Welcomed](#)

Our personal campus tours are designed to give you an all-access pass to our lecture halls, study rooms, fleet, and simulators, as well as have all your questions answered by a dedicated counselor by your side. Campus tours are free of charge, but we require advance scheduling.

2025 Rate Sheet

Zero-1500 Program

ActivePILOT Academy offers a complete Airline Transport Pilot training package to cover the entire journey of students interested in obtaining their ATP Certificate starting with Zero flight time. This program includes Private Pilot License, Instrument Rating, Commercial Pilot License, and Flight Instructor Certification.

For most pilots, the final milestone before beginning your airline pilot career is obtaining the Airline Transport Pilot (ATP) certificate. This is the highest level of pilot certificate obtainable and a remarkable achievement. While a commercial certificate allows an aviator to work (and earn money) as a professional pilot, the ATP certificate can be found as a requirement for most professional pilot jobs.

	Individual	Pay In Advance Discounts
Private Pilot License Training	\$16,219	\$15,061
Instrument Time Building	\$8,225	\$7,755
Instrument Rating Training	\$17,350	\$16,078
Commercial Pilot License Time Building	\$12,775	\$12,045
Commercial Pilot License Training	\$10,925	\$9,445
Certified Flight Instructor - Airplane Training	\$9,480	\$8,637
Certified Flight Instructor - Instrument Training	Optional	Optional
Certified Flight Instructor - Multi-Engine Training	Optional	Optional
TOTAL ESTIMATE (Pay As You Go)	\$74,974	\$69,021

Disclaimer: Cost estimates are based on FAA minimum training requirements. Individual experiences may vary and actual training times may exceed these estimates. Costs are based on January 2025 effective rates. The cost of examinations is based on fees charged by FAA-designated examiners and is not collected by ActivePILOT. Retaking each written test or practical check examination may have additional fees collected by the testing facilities or examiners. \$500 minimum positive balance required for the entirety of the 'Pay in advance' program until passing a checkride for each individual course.

Disclaimer: These quotes are only an estimate of the total training time required to achieve Private Pilot Certification, Instrument Rating, and Commercial certificate SEL and offer no guarantee of successful certification at the completion of the course(s). The total training cost calculated here does not include fees for FAA airman knowledge tests, examiner fees for the FAA practical test, or the cost of any additional required pilot supplies. Additionally, this cost can differ based on student performance or changes to aircraft rental rates with other aircraft. Preferred rates apply only to a prepaid program ONLY, Service of aircraft rental and instruction provided will be adjusted to regular rates if prepaid program early cancellation occurs. Regular Rates will be effective if additional training is required. (Offer for a limited time only).

2025 Rate Sheet
