

Uplifts

Hackney's Adults Social Care team allocate uplifts annually. This is usually on a set percentage at the start of each fiscal year.

If you are a supplier of any form of care, and paid by Adults Social Care, you can request an uplift for the clients that are placed or allocated with your organisation. This is subject to having a contract in place with us.

In order to review any uplift requests that are made, the Adults Social Care team requires suppliers to complete an [Uplift Request](#) via Google forms. This request will then be reviewed by the Uplifts panel. We ask that if you are completing this form, that the information you provide is exactly as requested on the form, to help us reach a timely outcome.

Please note:

LB Hackney will only consider uplifts which are requested between March and May of the respective fiscal year. We will not backdate or process any uplift request sent outside of this period. Please note that we may contact you for information regarding your request, however this does not guarantee that the uplift you have requested will be honoured.

If your uplift request is in relation to a change of care needs, you will need to be referred for a review, please follow the instructions below for the relevant service you are requesting:

Learning Disabilities Service - please contact this [mailbox](#)

Adult Social Care - please complete the attached form [here](#)

If you have any queries relating to uplifts, please contact Financial.uplift@hackney.gov.uk.

Please do not submit requests through this email address, please use the form link provided.
