

The Top 10 Craziest Casinos In The World

Online and live casinos have been dominant in the gambling industry in recent years due to their [technological](#) advancements. Classic brick-and-mortar casinos have seen a shift in use as players enjoy their games online; however, there are still many around the world that do not fall short of being impressive.

More often than not, a brick-and-mortar casino will hold a floor of machines, as well as a range of tables and dealers specialising in certain games. But, around the world, there are various sites that break the normal stereotypes and feature some unique and mind-blowing elements. Land casinos are still popular despite [live casino in the UK](#) growing at a rapid rate. So today, we will be taking a look at the craziest casinos in the world.

The Venetian Macao

Located in Macau, China, The Venetian Macao is the largest casino in the world by floor area. The 550,000 square feet gaming area holds 3,400 slot machines, 800 gaming tables and even an entire replica of Venice. The site is bigger than several Las Vegas casinos combined and offers an atmosphere like no other, with a replica of Venice that even features a painted blue sky ceiling.

Casino de Monte-Carlo

Arguably one of the most famous casinos in the world, it is an iconic site that is recognised by many. The Casino de Monte Carlo has been featured in Iron Man 2 and James Bond: GoldenEye, making it a prestigious venue seen by many. The design is extremely grand, from the intricate architecture of the exterior to the golden accents on the interior, making it a casino like no other in the world.

The Sun City Resort

The Sun City resort is referred to as the 'Las Vegas of Africa' as a result of not just the large casino, but the incredible palace appearance of the site, the facilities that are offered, and the prestigious nature. A large artificial jungle can be found at the resort, which has been the host of many prestigious weddings and even [boxing events](#). While the casino is large, it is the other sites and aesthetics of this resort which land it on this list.

Casinò di Vanezia

First opening its doors in 1638, the Casino di Vanezia is the oldest operating casino in the world, which is just the beginning of why this casino is so special. Unlike your average brick-and-mortar casino, this site is only accessible via boat as a result of being located on the

Grand Canal. The experience is like no other, after arriving on a boat into a 17th-century building that looks more like a palace than a casino.

Marina Bay Sands

Possibly one of the most visually impressive casinos based on appearance, the Marina Bay Sands was constructed in 2010 in Singapore. The facility consists of 3 towers that are topped with what appears to be a boat, spanning across the 3 structures. The casino spans 160,000 square feet and features over 2,500 slot machines, built at a cost of over \$8 billion.

Desert Cave Hotel and Casino

Another fascinating land casino that pushes the boundaries of architecture is the Desert Cave Hotel and Casino in Coober Pedy, Australia. It's located within the Earth, carved into thick sandstone caves that allow guests and visitors to avoid the immense heat of the Australian Outback. It's a site unlike any other that places players in a unique environment for gaming.

Casino de Genting

There is only one legal land-based casino in Malaysia, and it's the Casino de Genting. The casino is located approximately 6,000 feet above sea level in the mountains and is only accessible via one of the world's longest cable cars. The casino is huge and offers its own incredible rainforest views, water park, and hotel. The combination of the views, facilities, and location makes this an incredibly unique land casino.

Mohegan Sun

Located in Connecticut, USA, the Mohegan Sun casino stands out from even those that can be found in Las Vegas. The facility offers unique sights such as an indoor waterfall, called Taughannick Falls, a domed ceiling and a 3-story tall crystal mountain made of onyx plates. The appearance of the site and the facilities it offers differ greatly from those of other casinos.

SkyCity Casino

Located in New Zealand's tallest building, the SkyCity Casino provides an experience like no other, allowing guests to bungee jump or walk along the tower's edge before heading to the casino floor; the platform and casino offer a distinct view of the nearby area.

Stratosphere Casino

It wouldn't be a list of the top 10 craziest casinos without one mention of a Las Vegas site. This unique casino offers rooftop rides, including one that lets visitors dangle over the edge of the 1,149-foot tower. The tower itself is a big part of the Las Vegas skyline and offers an experience not many other casinos can.

Responsible Gambling

It is important to always [gamble responsibly](#); these games are designed for entertainment purposes and not as a way of making money.
