

Blog Post Assignment for Independent Reading - Due by May 31

First Paragraph: What did this book mean to you personally? How did you connect with the plot/character/theme? When have you gone through something similar?

Note: Your experience might not be exactly the same as a character's. Think of what the character is thinking or feeling - when you have you had similar thoughts or feelings? Think of how a particular event or plot might affect you; what would you do in that scenario? How would you feel?

Second Paragraph: Must include one quote and what that means to you. Explain why you chose that particular quote and why you think it's important to the book.
