

SL: Luxury AI for Luxury Linen

Hi Camilla,

AI is upon us, so to help you get ahead, I have linked an instagram image and caption that you can use freely for some disruptive content → [Christan Fishbacher - IG Post](#)

I wanted to introduce you to...

After implementing both text and image at STILLA, I managed to stretch their reach across 4 new markets and by extension land them 95 new clients.

Given the right information from your end, I'm confident I can replicate and tailor the success I achieved with STILLA for Christan Fishbacher.

I would be willing to finetune this strategy with you if it's something of interest.

Are you open to discuss this on a quick call ?
