

Course Title Advanced Piano	
Grade Levels 10-12	Course Length: One Semester
Prerequisites This class is by teacher recommendation ONLY. Students must take Beginning Piano before taking this course or test into the class.	
Course Description This course will be offered 2025-2026. This course is designed to be a direct continuation of Beginning Piano. Students will advance their knowledge of music theory and their technical piano skills. Students will be expected to play out loud for the teacher and will be expected to learn how to confidently read music. This class will function much like private lessons, in that the students will be expected to largely practice on their own with guidance and oversight from the teacher. This course is offered every other year.
