

Victorian Greenhouse will allow you to spend less energy on keeping the area warm

About Greenhouse Stores

Greenhousestores.co.uk offer a great range of greenhouses to suit the needs of all keen gardeners. Whether you are starting out with your first greenhouse or are looking to upgrade to something larger or simply replacing your old greenhouse, we will have a greenhouse model to suit your needs.

Here at Greenhouse Stores we only offer you products we truly believe in. That is why we only sell brands that we trust and would use ourselves. We believe passionately in our products. For instance, our range of Vitavia Greenhouses, we believe is now the best range of greenhouses available in the market. Why ? Well, the quality and finish is unmatched by more well known makes of aluminium greenhouse. Vitavia aluminium greenhouse frames are anodized as standard meaning that the silver frames stay silver instead of going a horrid grey colour with white spots as most other silver greenhouses do after a few years. Vitavia anodized aluminium frames stay silver and shiny throughout their lives, lovely!

Aside from anodized frames our Vitavia range includes 6ft wide, 8ft wide, orangery greenhouses as well as 4ft wide, 6ft wide and 9ft wide lean to's in silver or an attractive powder coated green finish.

Greenhouse Stores are the greenhouse experts.

We deliver our greenhouses fast, generally between 10 - 14 working days. It's worth pointing out that if you need a greenhouse in a hurry it's always worth giving us a call as we have many times in the past delivered in 2 days or even next day if we've been in that particular area delivering already.

The chaps here at Greenhouse Stores have been involved with greenhouses for over 15 years now, working with the UK's gardeners and delivering thousands of greenhouses.

We know what works and what doesn't and most importantly we know what our customers want:

Garden Buildings Direct to your Door.

We also offer a full range of garden buildings such as sheds, summerhouses, log cabins and garages with free UK home delivery. Whether you need a small shed for storing away your tools on the allotment or a larger shed for at home for all of the kid's outdoor toys and bikes we have wooden shed models as well as plastic and metal sheds for sale in a huge range of sizes.
