

Economics Writing Framework

(AO1) Point 1 (use the question): One option/issue/factor/reason/ to consider is _____ because _____.

(AO2) Evidence: The story/data/figures state (quote as appropriate)

OR An example of this could be when _____

(AO1/2/3) Analysis in context: This means that _____

because (refer to **theory/diagram/context** as appropriate)

This could/should/does/did lead to (*great to **refer to diagram** here!*)

for _____ because (**theory/diagram/context**)

(Optional Stretch? More diagram?): This is particularly important in this case because _____ could have an impact on

_____ because _____.

Link (refer to question): Therefore, eventually/in the long-run

_____ will help/be important/be the new situation

for _____ because (theory/context/more diagram)

(AO4) Mini-Evaluation (**only 25-markers!**): However, this will depend on/only happen/be effective/ be risky if _____

because _____
_____.

(AO1) Point 2 (use the question): Another option/issue/factor/reason to consider is _____ because _____.

(AO2) Evidence: The story/data/figures state (quote as appropriate)
OR An example of this could be when _____
_____.

(AO1/2/3) Analysis *in context*: This means that _____
_____.

because (refer to **theory/diagram/context** as appropriate)
_____.

This could/should/does/did lead to (*great to **refer to diagram** here!*)

for _____ because (**theory/diagram/context**)
_____.

(Optional Stretch? More diagram?): This is particularly important in this case because _____ could have an impact on _____ because _____.

Link (refer to question): Therefore, **eventually/in the long-run** _____ will help/be important/be the new situation for _____ because (theory/context/more diagram)

_____.

(AO4) Mini-Evaluation (only 25-markers!): However, this will depend on/only happen/be effective/ be risky if _____ because _____.

(AO4/AO3) Decide (only 25-markers!!): Overall, _____ is the best option/most important factor/strategy (refer to question). This is because _____ matters more than _____ because of _____.

It depends on: This depends on/would only work if/in a situation like _____ because _____.

Short vs Long-Term: In the short-term/At first, _____ will lead to/happen because _____.

However, in the long-term _____ should result in _____ because _____.

Cost: The cost of this action/policy/decision/strategy could/will be _____ because/if _____.

Opportunity Cost (Stretch): The opportunity cost of choosing _____ is _____ because _____.

Most importantly: The most important factor/evidence to consider in this situation is _____ because _____.

Reminders:

* Feel free to **vary your words** or sentences as you like **as long as the same overall meaning exists**.

** Use Economics **terminology and theory with context** throughout your answer to add depth and take your answer to the next 'level'.

*** Make links between topics taught across the course to assess the impacts of your arguments.

**** ***Refer*** to any ***fully-labelled and accurate diagrams*** used!!
