

Kate had wanted to wait until marriage, much to your dismay. I mean, she was a total babe and you couldn't wait, but you figured it would be worth it. You did love her after all. Maybe the wait would even make it better with the anticipation.

After almost a year of dating, you finally popped the question and she said yes. The wedding wasn't extravagant, but with Kate, it was great. Right after, you both hopped on a plane for your honeymoon in Honolulu.

You both checked into the resort and went up to your suite. You couldn't be more ready, you wanted to take the next step with Kate and you were finally married.

The moment the door closed you tossed the bags on the floor and began making out with your wife, pushing her against the wall. Her tongue wrapped around yours as you both ran your hands along each other's body. Kate pushed against you and you fell back onto the King sized bed. She stood next to you and began stripping down until she was completely naked.

"You just gonna lay there and gawk or are you gonna join me?" Kate said seductively, rubbing her fingers along your crotch. You didn't need to be told twice as you got out of your clothes and pulled your wife into bed with you.

You both laid there, staring into each other's eyes for a moment before your eyes began to wander down to her gorgeous body and big tits, each one as big as her head.

Kate noticed you staring at them and a grin spread across her face as she reached over and pulled your head closer to her tit.

“If you like them so much, prove it.”

“Yes ma’am,” you responded, leaning in and kissing her nipple sheepishly. You got over your shyness and began kissing and licking her boobs more aggressively before you sucked on her nipples. Soft moans of approval echoed overhead as you became lost in her tits.

Kate grabbed your face and pulled you up to hers so you could make out again. You fondled her tits as you reached down to your dick, sticking it inside of her pussy. She gasped and let out a moan of approval. You thrust in and out rhythmically; it was as amazing as you thought it would be. You were completely lost in ecstasy.

You grabbed Kate and flipped her over, pumping in and out faster and harder. Kate moaned and screamed loudly, showing that she was close. It didn’t take long before you were going to cum. You quickly pulled out and your load began squirting all over Kate’s back. Kate panted heavily, having just finished herself.

“That was incredible,” Kate said, out of breath.

You nodded and went into the bathroom to clean yourself up. You grabbed some extra tissues and went back into the bedroom to help clean Kate up but found there was no cum left on her back.

“Oh, did you already clean up? I was gonna help ya, babe.”

“Hmm? No, I haven’t moved,” Kate said, rubbing her back. “Must not have been much cum I guess.”

You both went to bed cradled in each other’s arms and you had the best night sleep in a long time.

You woke up the next morning, caressing your wife’s face softly.

“Good morning sweetie,” You said softly. “How’d you sleep?”

“Good,” Kate’s voice wavered as she stretched. “I feel so sore, I must’ve slept weird.”

“Aww, I’m sorry,” You stood up from the bed and pulled open the curtains before looking back at your wife; her feet were hanging off the edge of the bed, yet her head was still at the top on her pillow. Was she bigger? “Honey? Can you stand up for a second?”

“I guess I have to get out of bed sometime,” she sighed, swinging her legs out of bed and standing up. She took a second to stretch again before her eyes found yours - she had to look down. “Woah...”

She was at least a foot taller than you; what the fuck happened. You stood there gawking at Kate, looking her up and down. She took a second to crack her joints loudly and stretch before wrapping her slender fingers around your chin, making you look up at her. “Well hello, shorty.”

She leaned down and smashed her lips into yours as you violently made out. She pushed you back and threw you onto the bed, falling on top of you. You could not keep your hands off her large, curvy body as you made love. She spit on her hand and rubbed it down your rod before inserting it into herself. She bounced up and down, her breasts jiggling above you.

It was incredible, the whole situation incredibly hot; you weren’t going to last long. You were getting close as she moaned loudly on top of you. You tried to push her off, saying, “I’m gonna... I’m gonna,” but she wasn’t budging. Moments later, you burst inside of her, filling her with your load.

She rolled off you as you both were breathing heavily. You kissed Kate on the cheek and got up to shower. You couldn’t keep your wife out of your thoughts;

goddamn she was hot! You got out of the shower and quickly dried off, returning to the bedroom.

Kate sat on the bed, but she wasn't nude anymore. She was wearing your vest and tie from your wedding.

"What are you wearing honey?" You asked, chuckling at the sight. The clothes even looked a little small on her.

"My clothes won't fit, so I just grabbed some of yours! How do I look?" She grinned.

“Pretty damn sexy babe,” you laughed, shaking your head. “But seriously, I should go to the store and get you some clothes that will actually fit. Can’t just stay in this room our entire honeymoon!”

Kate stood up and sauntered over to you. Was she even taller? She traced her finger down your chest, “Can’t we?”

You thought about it for a moment before shaking it off, “I’ll be as quick as I can, don’t have too much fun without me.”

She jumped back on the bed before calling back, “I’ll try not to!”

You took a shuttle into town and browsed around some shops, getting the biggest sizes of clothes and swimming suits you could find. You found a size 14 pair of pink flip flops and got those too.

After a short while, your phone buzzed; a snap from your wife. You opened it to see a selfie of Kate wearing nothing but her underwear which were barely holding on to her wide hips. Under the picture, she wrote, “Outgrew your vest, GET HOME NOW.”

You took the next shuttle back to the resort and rushed to the room, fumbling with the room key. You got the door open and tossed the bags of clothes to the floor inside.

“Kate?” You called, looking around. Kate surprised you as she came around the corner suddenly, her long blonde hair draped over her massive breasts. Hard nipples peaked out from between the strands of hair.

You didn't even come up to her breasts - she was easily two feet taller than you.

"There's something special with your cum, hubby," she said seductively, rubbing her hands along your body. "And I intend to fuck you until I get bigger. And bigger. And bigger." With each time she said bigger, her body surged taller.

It was going to be a long honeymoon and your balls were not ready. A part of you was excited to see where this would go and if it meant pleasing your growing goddess wife, then you would happily oblige. You undid your belt buckle and slid your pants down.

“Then let’s get started.”
