

TRANSYLVANIA THUNDER

Transylvania Thunder / Stage Requirements - Document is now available for the 2025 tour

Production Philosophy Statement

This rider is intended as a **production aid**, not a rigid mandate.

The artist comes from a **production background** and holds the **utmost respect** for the professionals operating each venue.

We fully acknowledge that **room acoustics, available gear, and engineer preferences** vary show to show.

Suggestions and adaptations are always welcome — especially from those who know the system and space best.

The shared goal is delivering a thrilling, clean, and powerful experience for the audience.

Collaboration is key; we're here to work **with** the crew, not over them.
