What gifted programming looks like after identification

Agenda

Slides

Topic	Agenda	Notes
Welcome and follow-up	Close the loop on questions from October and share any quick updates.	
From screening to services	Walk through screening, body of evidence, Talent Development, identification, and how service decisions are made.	
ALPs	What an ALP is supposed to do, how goals connect to areas of strength, and how students and families can be involved.	Understanding Your Child's Advanced Learning Plan D11-English Cómo entender el Plan de Aprendizaje Avanzado de su hijo D11-Spanish
Programming across D11	Briefly explain school-based GT support, GMPs, GTAs, acceleration, enrichment, and other pathways students may experience.	
What are families seeing?	Discuss what is working well, what feels inconsistent, and what is confusing from school to school.	
Wrap-up	Pull out a few themes to revisit later in the year and preview February.	

Next meeting / follow-up: _____

D11 Gifted & Talented Advisory Committee

Thursday, November 5, 2026

Parent & Community Page

This meeting focuses on what happens after screening or identification and what gifted programming can look like across D11 schools.

Today we will talk about:

- **Welcome and follow-up** - Close the loop on questions from October and share any quick updates.
- **From screening to services** - Walk through screening, body of evidence, Talent Development, identification, and how service decisions are made.
- **ALPs** - What an ALP is supposed to do, how goals connect to areas of strength, and how students and families can be involved.
- **Programming across D11** - Briefly explain school-based GT support, GMPs, GTAs, acceleration, enrichment, and other pathways students may experience.
- **What are families seeing?** - Discuss what is working well, what feels inconsistent, and what is confusing from school to school.
- **Wrap-up** - Pull out a few themes to revisit later in the year and preview February.
