Ideal Life Planning Sheet

Directions: Make a copy of this form before adding information to it. Fill in the information corresponding to each section. Include the images that you may use to display the information (description only because you'll turn in the Source Log with the actual image on it). Share the link to this document via this form. You will notice it is the same information, but feel free to go all out and be creative because it's your ideal life (if money were no object).

- Your personal data – name, age (in ten years), date of birth, parents and siblings
- Education – Where did you go to school? What did you major in? If you didn't go to college, what training or preparation did you have for your chosen career? What degree did you receive, if applicable?
- Career – What decisions did you make about your career? Will you be working in that field in 10 years? What would you job responsibilities be at that point?
- Address – Where will you be living? (remember the cost of living???) Describe the area. What kind of home?
- Your ride – How are getting around? Describe your mode of transportation.
- Family – Do you plan to married? What will your family life be like?
