

Dear Valued Patients and Families,

11/07/2025

As many of you know, our provider Marilou Pederson fractured her leg this fall. We are *thrilled* to share that she's back in the clinic and seeing patients again! While she has scaled back her availability a bit, her warm smile and caring touch are right where they belong, with your children.

We're also delighted to let you know that we now have the support of another well established private Minnesota pediatric clinic that shares our same values and philosophy of care. Beginning in January 2026, we will partner with Grow Pediatrics. This partnership will allow us to continue providing the highest-quality, compassionate care you've come to expect from us in the same familiar location.

As we move forward with this realignment, rest assured that you'll continue to see all the familiar faces and receive the same focused care and attention that makes All About Children so special. Please watch for email updates in the coming weeks as we navigate this exciting new partnership, and don't hesitate to reach out with any questions.

We are and always will be All About Children!

Wishing You All Good Health,

Your All About Children Family
