

Dear Parents and NC Math 1, 2, and 3 Students,

We have created an invaluable resource for your child to ensure that he or she is successful in Math 1!

Housed in Canvas are the following resources:

For each Unit the site includes:

- A link to each task that your child works on in class and the “Ready, Set, Go! Homework” assignments that your child works on each evening
- A link to additional support that takes you to the corresponding unit page of the [WCPSS K-12 Math Website](#)

The “Ready, Set, Go!” homework assignments have been correlated to the daily classroom experience. The homework is organized into three parts:

- The “Ready” section helps the student get ready for the upcoming work and prepare to learn new material.
- The “Set” section is for practicing the skills that are being developed in the current lessons. As students practice, the new mathematical skills become more set or fluent.
- The last section of homework, called “Go!”, is to help students remember the skills and procedures that they have learned previously. As students mature mathematically, there are many math problems they should be able to do whenever they encounter them.

We encourage you to take advantage of these math resources via your student’s login to our Canvas website.

- ❖ Go to **wakeid.wcpss.net**
- ❖ Log in with your WCPSS google account
- ❖ Choose the Blue “**Canvas**” Button
- ❖ Click on “**Courses**” on the left
- ❖ Choose the course called “**NC Math 1**” or “**NC Math 2**” or “**NC Math 3**”
- ❖ Choose whichever unit your child is currently working on
