The Man/Woman You Are Now vs Who You Want to Be (Keep this the same daily, reminding yourself of who it is you are trying to become) :

- Now:
Latest story

- On Thursday 5th of September I found myself nervous to roleplay in Spanish for 30 seconds in front of people in my class.
 - All I had to do was raise my hand and that pain would have subsided.
 - I had slipped into cowardice over 3 seconds of pain.
 - I was somehow scared of people's eyes on me.
 - I preferred the comfort zone.
- Who You Want to Be:
- I yearn to be the guy who names a price without hesitation.
 "Yes, I am worth that much.
 If you don't like it, we cannot work together."

Becoming SO confident that my mouth has no limits based on fear.

That's the guy who wears a 41mm Oystersteel Perpetual Rolex, Green dial.

That's the guy who drives this lambo.

Your Reason *Why* (make this as compelling as possible, keep this the same and pound it into your skull, so you wake up daily with a clear reason) :

- I need to avoid the trap of Uni so that I prove to my siblings that success does not come from that place.
- It's a mission to save myself and my bloodline.
- I want to drive nice cars, buy watches, marry 4 beautiful women.
- I want to be respected amongst my peers so that they listen to what I know and that they don't.
- The status gain I'd get would allow me to get the trust of others so that I can influence them positively.
- God will be pleased by me because I am a hard worker who changes the lives of those around him.
- Inshallah soon.
