Examples: Embroidered (applique) patterns, mohawks, tufts, horns, pierced ears, pockets etc.

Pockets:.....+€25

Small pockets hidden on the side of the kigurumi. I can also give the pockets a cute colorful lining, an extra fee of €10 will apply.

Wings:.....+€50 +

Character with small to medium wings (anything big will be made smaller to bare the weight)

Faux Fur:.....~€50 +

Fur to be used to resemble a specific furry design, price varies (only if requested by customer)

note: Importing faux fur is very expensive, this will add up in both materials, shipping and taxes. Because of this I prefer to work with fleece only to keep the price low. If it's mandatory to resemble your design best, all extra charges go to the customer. In the end it may even be cheaper if you send the faux fur to me yourself
