

Teaching & Managing your Course Remotely

Current Teaching Practice	Online / Remote Option	Ready
Lectures	- Record video presentations for your class using Panopto - Host a live online class using Zoom - Upload content to your D2L course - Annotate or narrate lecture notes using PowerPoint or Google Slides - Link to existing online content (including Open Education Resources, Merlot.org, OASIS and others) - Use the D2L Discussions tool for class discussions	
Hands-on Activities (e.g. labs, tutorials, seminars, field trips, design labs)	- Provide raw data for virtual data analysis - Post online simulations, collections or demonstrations for discussion, critique, analysis - Provide external media files or links for virtual analysis - Have students submit video or digital recording of their presentations or performances	
Group Projects & Group work	- Break large classes into smaller online groups using D2L or via live discussions using Zoom breakout rooms - Use Google Suite (Docs, Slides, Drive, etc.) for student collaboration - Provide options for students to meet virtually (e.g. Google Hangouts, Google Meet) - Student video recording or digital sharing of projects / performances - Structure peer feedback using the Discussions on D2L	
Communications	- Email your students using the D2L class list tool - Post News for all students in D2L - Update your course outline and upload it to your D2L course site	
Tests & quizzes and final exams	- Use the D2L quiz tool - Explore online assessments such as group projects, reflective writing, written or photo essays, research reports, critiques, simulations, scenarios or case studies presentations, ePortfolios	
Office hours	- Hold virtual office hours using Zoom - Create a FAQ in the D2L Discussions tool	
Assignments & Feedback	- Have students upload documents for grading using the D2L Dropbox tool - Set up the Grades tool in your D2L course site - Have students submit video or digital recordings of their performances, presentations, or projects - Use rubrics to help grade assignments quickly – D2L has a rubric tool for assignments uploaded - Provide digital (audio, video, or written) feedback on student
