

[FWC approves new rule changes to increase antlerless deer harvest opportunities](#)

February 26, 2025 Florida Fish and Wildlife Conservation Commission

... In Zones B and C, hunters will be able to harvest antlerless deer during the archery, crossbow and muzzleloading gun seasons... In Zone D, antlerless deer will be allowed to be taken during the entirety of the deer season. The new rules also increase the bag limit for antlerless deer in DMU D2 to three as part of the statewide annual bag limit of five..,
